FIRE VISITS MARION AGAIN

Wallingford's Livery Stable Burned to the Ground

The Third Time Mr. Wallingford Has Been Burned Out—Now Located in New Stable

LOSS COVERED BY INSURANCE

Marion responded to an alarm of fire once more Friday morning, August 24, 2 o'clock.

The fire was first discovered by Bob Donaldson, the foreman of the livery stable. It had caught at the North-west corner and by the time the discovery was made was so far gone that no amount of work would have saved the stable. It burned to the ground. All the horses and most of the rolling stock was saved.

Mr. Wallingford carried \$2,000 of insurance and is fully protected.

His loss is principally the building, five sets of harness, corn, hay and damage to luggies, hacks and bus. This continual run of ill luck is getting on Mr. Wallingford's nerves and he now has a stable not so liable to burn.

The general public, we presume, are not aware of the new law enacted by the last Kentucky Legislature and the effects thereof.

Our last legislature had it in for the fire bugs, and realizing the fact that a man who would burn a house is the meanest man on earth, they passed some very strenuous laws.

The last legislature passed in the new law for a Fire Marshal for Kentucky. The position carries with it quite a handsome salary of five or six thousand dollars and makes it his duty to investigate each and every fire, and if he is suspicious of incendiaryism, prosecute the incendiary with vigor.

In carrying out this law a report of every fire must be made to this Fire Marshal.

Governor Beckham appointed Hon. Mott Ayres to this very important post and he is now acting under the new law.

The blanks for these reports have arrived in Marion.

Here is section one of this new law:

"The Fire Marshal and the Chief of the Fire Department, or Chief of Police where no Chief of Fire Department in cities and in towns and the Sheriff of the county where such fire occurs outside of an incorporated city or town, are hereby authorized to investigate the cause, origin and circumstances of every fire occurring in such cities or towns in which property has been destroyed or damaged, and shall specially make investigation whether such fire was the result of carelessness or design. Such investigation shall be begun within three days, not including the Lord's Day, of the occurrence of such fire, and the Fire Marshal shall have the right to supervise and direct such investigation whenever he deems it expedient or necessary. The officer making investigation of fires shall forthwith notify said Fire Marshal, and shall within 20 days of the occurrence of the fire furnish to the said Insurance Commissioner a written statement of all the facts relating to the cause and origin of the fire, the kind, value and ownership of the property destroyed, and such other information as may be called for by the blanks provided by the said Fire Marshal. The Fire Marshal shall keep in his office a record of all fires occurring in the State together with the facts, statistics and circumstances, including the origin of the fires, which may be determined by the investigations provided for by this act; such record shall at all times be open to public inspection."

Sec. 4. "Any officer, referred to in section one, who neglects or refuses to comply with any of the requirements of this act shall be punished by a fine of not less than twenty-five dollars nor more than two hundred dollars."

(Read the full law for the prevention of incendiary fires, Chapter 38, Laws 1899, amended by Chapter 387, Laws 1901.)

It is plain to be seen that fire bugs in Kentucky from this time on will have to be very shy or they will land in the penitentiary where they belong.

Graveyard Notice.

All those who have friends or loved ones buried at Piney Fork cemetery are requested to come or send some one Tuesday Sept. 4th to assist in cleaning off the graves, and entire enclosure, firing tools and dinner and come prepared to put in the day's work in remembrance of those who sleep in the silent city of the dead. J. R. KING.

Big Tent Meeting at Mattoon

Brother R. C. Love, of the Methodist church, is directing revival services at Mattoon, Ky., in a tent.

The meeting began last Sunday, August 26th, and will continue indefinitely.

The tent is the one used last summer by McConnell & Stone and holds quite a crowd of people.

Brother Love is assisted by Mr. Ben Yates and Mr. Humphreys local preachers and both of Sheridan. The singing is led by John K. Smith with Mrs. Nellie Summerville as organist.

Tuesday night of this week Bro. J. R. McAfee accompanied by Claude Guess attended this meeting. Brother McAfee preached to a large and very attentive audience.

Quite a good deal of interest was manifested. At the conclusion of the services and in answer to the usual invitation about 25 came forward.

Camp Meeting.

Our camp meeting begins Monday night Sept. 10th 1906, at Piney Fork camp grounds, where there has been camp meeting for over eighty years, with the exception of two years. It will be an old time camp meeting conducted by Rev. J. L. Hudgins, of Union City Tenn. Bro. Hudgins is a strong gospel preacher and preaches with power. We cordially invite every body to come, and all that have camps are requested to come and camp.

REV. J. R. KING, Pastor.

CROAN DOG LAW

Payments Made Under This Law for Sheep Killed

It has noted in these columns that Kentucky now has a new dog law.

Last week in Louisville, there was the first application of the law. At a meeting of the Fiscal court held last Tuesday, a claim of \$904 against the county for the loss of sheep which were killed by dogs on the county road.

This is the first case under the new law which was passed by the last session of the legislature, known as the Croan law, being introduced by Representative Ed Croan, of Russell county, providing for the tax of \$1 on each dog from which the county reimburses for the loss of sheep killed by dogs.

Mr. Al Dean and some more of our large sheep raisers will take notice and also take heart, and if they lose any sheep by dogs it will pay them to take action.

THE RECORD thinks this is a good law.

DEMOCRATIC PRIMARY

List of Assessments Against the Candidates for the Various State Offices.

The State Democratic committee has fixed the various assessments to be paid by various Democratic candidates for office nominations to be decided by primary to be held November 6th, 1906.

Here is a list of the assessments:

United States Senator	\$6,000
Governor	4,000
Lieutenant Governor	1,000
Attorney General	3,200
Auditor	4,000
Secretary of State	3,000
Treasurer	3,300
Supt. of Public Instruction	2,000
Clerk Court of Appeals	3,000
Commissioner of Agriculture	2,000

In the event there should be only one candidate for an office, such candidate should pay the whole amount of such assessment for such office. If any person shall afterward become a candidate for such office he shall pay one-half of the amount assessed against such office and this sum shall be paid back to the first candidate, and so on in the event that others shall become candidates. When there are two or more candidates for an office each shall pay his proportionate part of the assessment against such offices.

It had always been our idea that a Democratic editor in Kentucky had a right to run for office. If so why does the committee shut them out in this ruthless fashion?

NEW FIND AT THE HODGE

Proves the Richest in the District

Pure White No. 1 Spar With Lovely Ribbons of Lead Running Thro' It—A Dividend Payer

WORK RESUMED AT YANDELL SHAFT

FRANCES DISTRICT.

At the Wheatcroft shaft No. 2, they are getting out a lot of fine ore.

The sinking at the Tabor shaft has been completed. A cross cut was run which cut a six foot vein of handsome fluor spar and lead, mixed with some zinc. This proves beyond any question that the old Tabb vein passes through this property and the vein just cut is the Tabb vein. Capt. Haase says the ore in this vein is handsome as can be found anywhere and there is lots of it.

The Anbridge shaft No. 1, keeps raising number one lump spar right along. Two chunks of spar raised from this shaft combined weigh 1700 lbs. Capt. Haase is having this hauled into Marion so his Marionite and other friends may become familiar with a fine grade of fluor spar.

The pumps at the Pogue are running night and day, and the mine will be unwatered in a short time and sinky shaft will begin. Their new horse plant is working nicely.

At the Pariah mine they are sinking a new shaft.

At the Sam Matthews mine the contractors are hard at work putting the new shaft down one hundred feet.

Work has been resumed at the old Vandell shaft and they are cross-cutting for a vein of lump spar.

TOUGHER DISTRICT

The new find of The Kentucky Fluor Spar Company on the Hodge property has proved itself to be one of the richest veins in the district. Pure white No. 1 spar with lovely ribbons of lead running through it makes one see lots of dollars coming in soon. This company is to be congratulated. It was a remarkable find and to President Clem Nunn the honor belongs. It is a true treasure with a dip of 45 degrees with perfect walls well defined. At another point on this property a car load of fine carbonated zinc has been taken out and is now being prepared for shipment.

At the Eclipse mine they are still cross-cutting to strike the rich zinc vein.

The Edwards shaft is down about forty feet.

They have resumed work at the Old Jim and ere long the wagon train will start hauling to the rail road.

At the Ada-Florence they have struck a body of lead and spar with the lead predominating.

Keep your eye on the fluor spar district around Marion for it's coming and coming to stay. A strong pull, a long pull and a hearty pull by Marion will boom the the mining interests as never before.

Where, oh where, President Cochran, is the Commercial Club?

It is with a great deal of gratification that THE CRITTENDEN RECORD is able to report this week that for the months of July and August The Kentucky Fluor Spar Company have shipped more ground fluor spar than they have ever shipped before in those two months. This company is a comparatively new concern and the talent for conducting its affairs is all home grown yet it has proved a phenomenal success. A great deal of credit is due for this condition of affairs to Mr. C. S. Nunn, the President, and Mr. H. A. Haynes, the Secretary and Treasurer.

A preliminary examination of Christian county mineral land is being made this week. The surveying corps have been here for a week and are now working in Trigg, but the full force expects to get into this county in about ten days or two weeks. The survey is being made under the supervision of Assistant State Geologist F. J. Fols. He is using one of the Kentuckian's correct maps of the county. -Hopkinsville Kentuckian.

At a meeting at Gracey Tuesday of the stockholders of the Gracey Mining Company, the following officers were elected for the coming year: Capt. T. S. Shaw, Cadiz, president; Gip Watkins, Gracey, vice president; J. T. Wall, Hopkinsville, secretary; and Dr. D. E. Bell, Gracey, treasurer.

This company, says the Cadiz Record has been in existence about two years, and has a capital stock of \$500,000. They have sunk one shaft about sixty five feet, and expect to begin work again soon sinking other shafts.

Mr. Fols, the State Geologist, was present Tuesday, and expressed the belief that fluor spar, lead and zinc could be found in paying quantities on these lands.

The director of the United States Geological Survey, Mr. C. D. Walcott, has set aside \$10,000 from the federal appropriation, to prosecute the work of topographical survey in many of the counties of the state.

Some idea of the extent of the work mapped out may be gathered from the fact that the contemplated surveys will cover portions of the following counties: Wayne, Russell, Pulaski, McLean, Muhlenburg, Washington, Union, Webster, Leslie, Perry, Knott, Spencer, Woodford, Fayette, Scott, Franklin, Henry and Owen. In a number of those named some work has already been done, that in the last six counties being well advanced toward completion. The portion of the State to be embraced in the survey has been subdivided into districts, each of which will be assigned to a certain group of men, and it is expected that good progress will be made during the autumn months, the surveying parties being already organized in the field.

TENNIS TOURNAMENT

The Finals of Tennis Tournament Were Played Friday Afternoon

The finals of the Tennis Tournament which has been in progress for the past few weeks were played last Friday afternoon, the game being called at 3:30.

The afternoon was an ideal one for tennis and some interesting and exciting games were played.

Those who were booked for singles and considered the contest an easy victory for their opponent, conceded the game without playing it.

The contestants for the first honors were W. M. Sanders vs C. W. Haynes, Mrs. Sayre vs Miss Ruby James.

Second honors, C. W. Haynes vs Dr. Stillwell.

The honors being won by Mr. Sanders and Miss James and second by C. W. Haynes.

After the game a splendid picnic dinner was served on the lawn, which was brilliantly lighted with Japanese lanterns.

Messrs. Julian and Virgil Elgin, of Louisville, were guests of honor at the dinner given by the Tennis Club and also played strong games while here.

The scores are as follows:

FIRST.	
Sanders	6-6
Stillwell	1-3
Sayre	6-6
Haynes, R. F.	2-2
Haynes, C. W.	6-6
Koltinsky, E.	0-0
Sayre, Mrs.	5-6-6
Wilborn, Leafa	6-4-3
James, Ruby	6-6
Gray, Kittie	0-0
Gray, Fannie	6-6
Harnes, Della	0-1
SECOND.	
Sanders	6-6
Sayre	0-2
Stillwell	2-4-5
Sayre	6-6-6
Sanders	6-4-6
Haynes	4-6-3
Haynes	6-6
Stillwell	2-4

NO CANDIDATE FOR CONGRESS

Was the Decision of First District Committee

Which Met in Princeton, Tuesday August 28th Pursuant to a Call of the Chairman

HON. W. J. DEBOE, OF MARION

The First District Republican Committee is composed of the Chairmen of the various County Republican Committees of this, the First congressional district.

The Chairman of the District Republican Committee is always the member of the State Central Committee from this district.

This First District Republican Committee met in Princeton, Ky., August 28th pursuant to a call of the chairman, Hon. W. J. Deboe, of Marion.

All the members of the committee were there in person or by proxy and the meeting was called to order by the Chairman and the purpose stated.

It was decided unanimously not to nominate a candidate for Congress.

The committee adjourned.

Meeting of Farmers' Club.

The Crittenden County Farmers' Club met at the court house in Marion, Ky., August 30th, for the purpose of selecting a place for the holding of our next Farmers' Institute, which will be held under the management of the State. The meeting was called to order by the president, Mr. J. Frank Conger, and a vote was taken as to the selection of a place to hold the institute. It was agreed to hold the institute at Crayneville, Ky., and the exact date that it will be held will be published in both county papers later. There being no further business, the meeting adjourned to meet again at some future time.

J. FRANK CONGER, Pres.

CHAS. W. FOX, Secy.

Tom And The Circus.

Some local people had accounts against the circus that never came.

Mr. Thomas Champion, of the law firm of Champion and Champion, went to Uniontown, Ky., and tackled the Lentz & Robinson circus with a great deal of success. He collected for Q. M. Conyer a board bill of \$13.00 and for W. D. Wallingford a livery bill of \$13.00. It appears that Mr. Champion was death on thirteen. If Mr. Champion had been more sociable and interviewed the Crittenden Press and Crittenden Record he might have had more money to collect.

FEATS OF DARING

And Hair Breadth Escapes Seem to Appeal to the American Public

If such were not the case the afore-said American public would fall to pay and the dare devil would fall to act. We all get just what we pay for. "Whatsoever a man soweth that shall he also reap."

These feats of daring come in every form and are exhibited in every fashion. Some of the most hair raising are the various shoot the shoots and loop the loops.

It is related that a bicyclist enthusiast who did stunts on the loop the loop order, stood at the top of an almost perpendicular declivity preparatory to the plunge down and the loop up and the skidoo across the chasm. This occurred at night under the glare of the electric light and only a few weeks ago in Indiana. He mounted his bicycle and started down. After a plunge of a few feet all the lights in the city went out. He was plunging downward. It was dark as Egypt. He had one of the most difficult feats performed by man to finish in the dark. There was no stopping.

Why do people want to see such exhibitions? Is it a kindred strain of the same blood that permits the bull fights in Spain?

Ohio River Association.

This body of Baptists composed of the churches of Crittenden and Livingston counties, closed its twenty-fourth annual session at Piney Creek church last Friday. There were thirty-five churches represented by messengers and letters. The annual sermon was preached by Eld. H. B. Taylor, of Murray, by request. The sermon was unusually clear and convincing on the doctrine of salvation by grace and greatly strengthened the many Baptists that heard it. The reports from the churches showed a decided advance in contributions to the various objects of benevolence which we foster, and peace and good fellowship prevail in the churches.

The election of officers for this year resulted in Eld. E. B. Blackburn, of Marion, being chosen Moderator and R. A. LaRue Clerk and Treasurer.

The body was honored and greatly encouraged by the following visitors from the other associations: Elders, D. M. Green, H. B. Taylor and John Grady from Blood River. Elds. H. C. McGill and father from Ohio Valley. Miss Abercrombie, Matron of the Baptist Orphans Home, Louisville, Ky.

Resolutions calling for such legislation as will suppress Sabbath excursions and base ball playing were unanimously passed. The ministers and members were also pledged to do all in their power to suppress the liquor traffic in our bounds.

ANNUAL CONFERENCE

Meets at Central City September 26th to 31st—Presiding Elder to Be Appointed.

The meeting of the annual Louisville Conference of the Methodist Episcopal Church South will be held in Central City, Ky., Sept. 26th to 31st.

will be appointed a successor to Rev. Gross Alexander, who has served four years as presiding elder for the Louisville district. Quite a good deal of interest is manifested in Methodist circles as to who his successor will be.

The Louisville conference follows the Kentucky conference which takes place at Winchester Sept. 12th to 17th, and this conference succeeds the West Virginia conference, which begins on September 5th at Huntington. Over all these annual conferences Bishop Hendrix will preside.

It will be remembered by Marion Methodists and others that Bishop Hendrix held the conference which convened in Marion two or three years ago, and at that time he proved to our people that he is a very strong man and worthy the high office he holds.

The Louisville conference has charge of the denominational affairs in an area comprehended between a north and south line extending from Anchorage to the Tennessee line, and a line running through Henderson north and south.

The Kentucky district embraces the territory east of this and running to a north and south line near the eastern edge of the state.

These conferences are attended by all the preachers in this district as well as by numerous lay members.

The Louisville district proper is made up of nine sub-districts. They are the Louisville, the Elizabethtown, the Princeton, the Russellville, the Bowling Green, the Lebanon and the Columbia districts.

Other important business that will come before the annual conference will include reports of all denominational business for the past year.

Central City people are making elaborate preparations to entertain the visiting ministers and lay delegates, and the prospects are for a conference that will equal or excel all past ones. The Rev. T. J. Crandall, of the Central City Methodist church, will be the host of the conference.

Deeds Recorded.

E. H. Newcom to R. L. Nichols 154 acres, \$3000.

T. F. Harris to Daniel W. Jones 78 acres on Hurricane creek, \$1200.

James M. Pomeroy to Mary C. Lofton interest in land on Crooked creek, \$100.

Mary C. Lofton to Suele and T. E. Heard 60 acres on Crooked creek, deed of gift.

Fanny Holder to Ida Woodall 4 acres of land near Dyeusburg, \$400.

FIRE VISITS

MARION AGAIN

Wallingford's Livery Stable
Burned to the Ground

The Third Time Mr. Wallingford Has
Been Burned Out—Now Located
In New Stable

LOSS COVERED BY INSURANCE

Marion responded to an alarm of fire
once more Friday morning, August 24,
2 o'clock.

The fire was first discovered by Bob
Donaldson, the foreman of the livery
stable. It had caught at the North-
west corner and by the time the dis-
covery was made was so far gone that
no amount of work would have saved
the stable. It burned to the ground.
All the horses and most of the rolling
stock was saved.

Mr. Wallingford carried \$2,000 of in-
surance and is fully protected.

His loss is principally the building,
five sets of harness, corn, hay and
damage to luggies, hacks and bus.
This continued run of ill luck is getting
on Mr. Wallingford's nerves and he
now has a stable not so liable to burn.

The general public, we presume, are
not aware of the new law enacted by
the last Kentucky Legislature and the
effects thereof.

Our last legislature had it in for the
fire bugs, and realizing the fact that a
man who would burn a house is the
meanest man on earth, they passed
some very strenuous laws.

The new law for a Fire Marshal for Ken-
tucky. The position carries with it
quite a handsome salary of five or six
thousand dollars and makes it his duty
to investigate each and every fire, and
if he is suspicious of incendiaryism, pro-
secute the incendiary with vigor.

In carrying out this law a report of
every fire must be made to this Fire
Marshal.

Governor Beckham appointed Hon.
Mott Ayres to this very important post
and he is now acting under the new law.

The blanks for these reports have
arrived in Marion.

Here is section one of this new law:

"The Fire Marshal and the Chief of
the Fire Department, or Chief of Police
where no Chief of Fire Department in
cities and in towns and the Sheriff of
the county where such fire occurs out-
side of an incorporated city or town,
are hereby authorized to investigate the
cause, origin and circumstances of every
fire occurring in such cities or towns
in which property has been destroyed or
damaged, and shall specially make in-
vestigation whether such fire was the
result of carelessness or design. Such
investigation shall be begun within
three days, not including the Lord's
Day, of the occurrence of such fire, and
the Fire Marshal shall have the right
to supervise and direct such investi-
gation whenever he deems it expedient
or necessary. The officer making investi-
gation of fires shall forthwith notify
said Fire Marshal, and shall within 30
days of the occurrence of the fire fur-
nish to the said Insurance Commissioner
a written statement of all the facts re-
lating to the cause and origin of the
fire, the kind, value and ownership of
the property destroyed, and such other
information as may be called for by the
blanks provided by the said Fire Mar-
shal. The Fire Marshal shall keep in
his office a record of all fires occurring
in the State together with the facts,
statistics and circumstances, including
the origin of the fires, which may be
determined by the investigations pro-
vided for by this act; such record shall
at all times be open to public inspec-
tion."

Sec. 4. "Any officer, referred to in
section one, who neglects or refuses to
comply with any of the requirements of
this act shall be punished by a fine of
not less than twenty-five dollars nor
more than two hundred dollars."

(Read the full law for the prevention
of incendiary fires. Chapter 58, Laws
1905, amended by Chapter 387, Laws
1901.)

It is plain to be seen that fire bugs
in Kentucky from this time on will have
to be very shy or they will land in the
penitentiary where they belong.

Graveyard Notice.

All those who have friends or loved
ones buried at Piney Fork cemetery are
requested to come or send some one
Tuesday Sept. 4th to assist in cleaning
off the graves, and entire enclosure.

pared to put in the days work in re-
membrance of those who sleep in the

Big Tent Meeting at Mattoon

Brother R. C. Love, of the Methodist
church, is directing revival services at
Mattoon, Ky., in a tent.

The meeting began last Sunday,
August 26th, and will continue in-
definitely.

The tent is the one used last summer
by McConnell & Stone and holds quite
a crowd of people.

Brother Love is assisted by Mr. Ben
Yates and Mr. Humphreys local preach-
ers and both of Sheridan. The singing
is led by John K. Smith with Mrs. Nellie
Summerville as organist.

Tuesday night of this week Bro. J.
R. McAfee accompanied by Claude
Gibson attended this meeting. Brother
McAfee preached to a large and very
attentive audience.

Quite a good deal of interest was
manifested. At the conclusion of the
services and in answer to the usual in-
vitation about 25 came forward.

Camp Meeting.

Our camp meeting begins Monday
night Sept. 10th 1906, at Piney Fork
camp grounds, where there has been
camp meeting for over eighty years,
with the exception of two years. It
will be an old time camp meeting con-
ducted by Rev. J. L. Hudgins, of
Union City Tenn. Bro. Hudgins is a

body to come; and all that have camps
are requested to come and camp.

CROAN DOG LAW

Payments Made Under This Law for
Sheep Killed

It has noted in these columns that
Kentucky now has a new dog law.

Last week in Louisville, there was
the first application of the law. At a
meeting of the Fiscal court held last

Monday, Abraham, living on the Brownboro
road, filed a claim of \$60 against the
county for the loss of sheep which were
killed by dogs on the county road.

This is the first case under the new
law which was passed by the last ses-
sion of the legislature, known as the
Croan law, being introduced by Repre-
sentative Ed Croan, of Bullitt county,
providing for the tax of \$1 on each dog
from which the county reimburses for
the loss of sheep killed by dogs.

Mr. Al Dean and some more of our
large sheep raisers will take notice and
also take heart, and if they lose any
sheep by dogs it will pay them to take
action.

THE RECORD thinks this is a good
law.

Commissioner of Agriculture 2,000

In the event there should be only one
candidate for an office, such candidate
should pay the whole amount of such
assessment for such office. If any per-
son shall afterward become a candidate
for such office he shall pay one-half of
the amount assessed against such office
and this sum shall be paid back to the
first candidate, and so on in the event
that others shall become candidates.
When there are two or more candidates
for an office each shall pay his pro-
portionate part of the assessment
against such offices.

now working in Trigg, but the full
force expects to get into this county in
about ten days or two weeks. The
survey is being made under the super-
vision of Assistant State Geologist
F. J. Fols. He is using one of the
Kentuckian's correct maps of the
county. —Hopkinsville Kentuckian.

At a meeting at Gracey Tuesday of
the stockholders of the Gracey Mining
Company, the following officers were
elected for the coming year: Capt. T.
S. Shaw, Cadiz, president; Gip Wat-
kins, Gracey, vice president; J. T.
Wall, Hopkinsville, secretary; and Dr.
D. E. Bell, Gracey, treasurer.

This company, says the Cadiz Record
has been in existence about two years,
and has a capital stock of \$500,000.
They have sunk one shaft about sixty
five feet, and expect to begin work
again soon sinking other shafts.

Mr. Fols, the State Geologist, was
present Tuesday, and expressed the
belief that flour spar, lead and zinc
could be found in paying quantities on
these lands.

The director of the United States
Geological Survey, Mr. C. D. Walcott,
has set aside \$10,000 from the federal
appropriation, to prosecute the work of
topographical survey in many of the
counties of the state.

Some idea of the extent of the work
mapped out may be gathered from the
fact that the contemplated surveys will
cover portions of the following counties:
Wayne, Russell, Putnam, McLean, Muh-
lenburg, Washington, Union, Webster,
Leslie, Perry, Knott, Spencer, Wood-
ford, Fayette, Scott, Franklin, Henry
and Owen. In a number of those
named some work has already been done,
that in the last six counties being well
advanced toward completion. The por-
tion of the State to be embraced in this
work has been subdivided into districts
or divisions, each of which will be as-
signed to a square or other surveyor,
and it is expected that good progress
will be made during the autumn months,
the surveying parties being already or-
ganized in the field.

TENNIS TOURNAMENT

The Finals of Tennis Tournament
Were Played Friday Afternoon

The finals of the Tennis Tournament
which has been in progress for the past
few weeks were played last Friday
afternoon, the game being called at
3:30.

The afternoon was an ideal one for
tennis and some interesting and excit-
ing games were played.
Those who were booked for singles
and considered the contest an easy vic-
tory for their opponent, conceded the
game without playing it.

The contestants for the first honors
were W. M. Sanders vs C. W. Haynes.
Mrs. Sayre vs Miss Ruby James.

Second honors, C. W. Haynes vs Dr.
Stillwell.

The honors being won by Mr. San-
ders and Miss James and second by C.
W. Haynes.

After the game a splendid picnic din-
ner was served on the lawn, which was
brilliantly lighted with Japanese lan-
terns.

Messrs. Julian and Virgil Elgin, of
Louisville, were guests of honor at the
dinner given by the Tennis Club and
also played strong games while here.

The scores are as follows:
FIRST.
Sanders 6-6
Stillwell 1-3
Sayre 6-6
Haynes, R. F. 2-2
Haynes, C. W. 6-6
Kolunsky, E. 0-0
Sayre, Mrs. 5-6-6
Wilborn, Leaffa 6-4-3
James, Ruby 6-6
Gray, Kittie 0-0
Gray, Fannie 6-6
Haynes, Della 0-1

SECOND.
Sanders 6-6
Sayre 0-2
Stillwell 2-4-5
Sayre 6-6-6
Sanders 6-4-6
Haynes 4-6-3
Haynes 6-6
Stillwell 2-4
James, Ruby 6-6
Sayre 4-4

NO CANDIDATE FOR CONGRESS

Was the Decision of First
District Committee

Which Met in Princeton, Tuesday
August 28th Pursuant to a Call
of the Chairman

HON. W. J. DEBOE, OF MARION

The First District Republican Com-
mittee is composed of the Chairmen of
the various County Republican Com-
mittees of this, the First congressional
district.

The Chairman of the District Republi-
can Committee is always the member
of the State Central Committee from
this district.

This First District Republican Com-
mittee met in Princeton, Ky., August
28th pursuant to a call of the chairman,
Hon. W. J. Deboe, of Marion.

All the members of the committee
were there in person or by proxy and
the meeting was called to order by the
Chairman and the purpose stated.

It was decided unanimously not to
nominate a candidate for Congress.

The committee adjourned.

Meeting of Farmers' Club.

The Crittenden County Farmers'
Club met at the court house in Marion,
Ky., August 30th, for the purpose of
selecting a place for the holding of our
next Farmers' Institute, which will be
held under the management of the
meeting was called to order by the
president, Mr. J. Frank Conger, and a
vote was taken as to the selection of a
place to hold the institute. It was
agreed to hold the institute at Crayne-
ville, Ky., and the exact date that it
will be held will be published in both
county papers later. There being no
further business, the meeting adjourned
to meet again at some future time.

J. FRANK CONGER, Pres.
CHAS. W. FOX, Secy.

Tom And The Circus.

Some local people had accounts
against the circus that never came.
Mr. Thomas Champion, of the law
firm of Champion and Champion, went
to Uniontown, Ky., and tackled the
Lantz & Robinson circus with a great
deal of success. He collected for Q.
M. Conyer a board bill of \$13.00 and
for W. D. Wallingford a livery bill of
\$13.00. It appears that Mr. Champion
was death on thirteen. If Mr. Cham-
pion had been more sociable and inter-
viewed the Crittenden Press and Crit-
tenden Record he might have had more
money to collect.

FEATS OF DARING

And Hair Breadth Escapes Seem to
Appeal to the American Public

If such were not the case the afore-
said American public would fail to pay
and the dare devil would fail to act.
We all get just what we pay for.
"Whatsoever a man soweth that shall
he also reap."

These feats of daring come in every
form and are exhibited in every fas-
hion. Some of the most hair raising
are the various shoot the shoots and
loop the loops.

It is related that a bicyclist enthusiast
who did stunts on the loop the loop
order, stood at the top of an almost
perpendicular declivity preparatory to
the plunge down and the loop up and
the skiddoo across the chasm. This
occurred at night under the glare of
the electric light and only a few weeks
ago in Indiana. He mounted his bi-
cycle and started down. After a
plunge of a few feet all the lights in
the city went out. He was plunging
downward. It was dark as Egypt.
He had one of the most difficult feats
performed by man to finish in the
dark. There was no stopping.

Why do people want to see such exhi-
bitions? Is it a kindred strain of the
same blood that permits the bull
fights in Spain?

Ohio River Association.

This body of Baptists composed of
the churches of Crittenden and Living-
ston counties, closed its twenty-fourth
annual session at Piney Creek church
last Friday. There were thirty-five
churches represented by messengers
and letters. The annual sermon was
preached by Eld. H. B. Taylor, of Mur-
reys, by request. The sermon was un-
usually clear and convincing on the
doctrine of salvation by grace and
greatly strengthened the many Baptists
that heard it. The reports from the
churches showed a decided advance in
contributions to the various objects of
benevolence which we foster, and peace
and good fellowship prevail in the
churches.

The election of officers for this year
resulted in Eld. E. B. Blackburn, of
Marion, being chosen Moderator and
R. A. LaRue Clerk and Treasurer.

The body was honored and greatly
encouraged by the following visitors
from the other associations; Elders,
D. M. Green, H. B. Taylor and John
Grady from Blood River. Elds. H. C.
McGill and father from Ohio Valley.
Miss Abercrombie, Matron of the Bat-
tist Orphans Home, Louisville, Ky.

Resolutions calling for such legisla-
tion as will suppress Sabbath excursions
and base ball playing were unanimously
passed. The ministers and members
were also pledged to do all in their
power to suppress the liquor traffic in
our bounds.

ANNUAL CONFERENCE

Meets at Central City September
26th to 31st—Presiding Elder
to Be Appointed.

The meeting of the annual Louisville
Conference of the Methodist Episcopal
Church South will be held in Central
City, Ky., September 26th to 31st. A
successor to Rev. Gross Alexander, who has served four
years as presiding elder for the Louis-
ville district. Quite a good deal of
interest is manifested in Methodist
circles as to who his successor will be.

The Louisville conference follows the
Kentucky conference which takes place
at Winchester Sept. 12th to 17th, and
this conference succeeds the West
Virginia conference, which begins on
September 5th at Huntington. Over
all these annual conferences Bishop
Hendrix will preside.

It will be remembered by Marion
Methodists and others that Bishop Hen-
drix held the conference which con-
vened in Marion two or three years ago,
and at that time he proved to our peo-
ple that he is a very strong man and
worthy the high office he holds.

The Louisville conference has charge
of the denominational affairs in an area
comprehended between a north and
south line extending from Anchorage
to the Tennessee line, and a line run-
ning through Henderson north and
south.

The Kentucky district embraces the
territory east of this and running to a
north and south line near the eastern
edge of the state.

These conferences are attended by
all the preachers in this district as well
as by numerous lay members.

The Louisville district proper is made
up of nine sub-districts. They are the
Louisville, the Elizabethtown, the
Princeton, the Russellville, the Bowling
Green, the Lebanon and the Columbia
districts.

Other important business that will
come before the annual conference will
include reports of all denominational
business for the past year.

Central City people are making elab-
orate preparations to entertain the
visiting ministers and lay delegates,
and the prospects are for a conference
that will equal or excel all past ones.
The Rev. T. J. Crandall, of the Central
City Methodist church, will be the host
of the conference.

POINTS OF LAW

Union County Lawyers Give an opinion of the Prohibition Election Law

The lawyers of Union county have drawn up an opinion concerning the statutory provisions governing prohibition elections as found in the law passed by the last legislature.

The opinion is as follows: "Shall spirituous, vinous, or malt liquors be sold, bartered, or loaned in Union county."

In order that the matter may be fully understood and the will of the voters be fairly determined, we upon request make this explanation of the law under which the election will be held. "No" is a dry vote and "Yes" is a wet vote.

If a majority of the voters in the county vote "No," then no intoxicating liquors of any kind can be lawfully retailed in Union county, anywhere, or by anyone, in any quantity, not even by a druggist upon a prescription of a physician. This will be the case in each and every precinct of the county, no matter how that particular precinct may vote. If a majority vote "Yes," then each and every precinct will remain just as now, no matter how the precinct may vote in this election.

For example, Henshaw is now wet, if a majority of the county vote "Yes," Henshaw will continue "wet," even though a majority of the votes cast in Henshaw should be "No." In like manner Waverly would remain dry, even though every man in the precinct should vote "Yes." If a majority of the voters vote "No," then the entire county will be "dry," and no vote can be taken and the county must so remain for three years. This applies to each and every town no matter how large it may be now or may become hereafter, and no matter to what class it may now belong, or may hereafter be assigned.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the

right sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. Obituary.

Mr. L. A. Sigler, who departed this life July 26, 1906, was born in Caldwell county Feb. 16, 1841, was the son of Eld. Frances Sigler, who has been dead several years.

Levi professed faith in Christ when but fourteen years old and joined the Baptist church at Blackburn in Sept. 1856. He was married to Mattie Hunt, daughter of L. B. Hunt, Oct. 30, 1887. He lived a very devoted christian life. In order to be with his wife he obtained a letter from Blackburn and joined the church at Pleasant Hill in August, 1896, where he remained a devoted member until death. He was always found at his post of duty and was very attentive at his church meetings. He was confined to his house for almost a year but he bore his afflictions patiently and was reconciled to the divine dealings of the Allwise. His remains were laid to rest in the Shady Grove cemetery in the presence of a large concourse of relatives and friends. The services were conducted by his pastor, James R. Clark.

He leaves a widow and five children to mourn his loss, besides five brothers and three sisters and many other friends. His brothers are David, James, Pearl and Ellev Sigler all of the Shady Grove community and Frances Sigler, Jr., of Missouri, and three sisters, Mrs. Geo. Hughes, Mrs. Hopkins, and Mrs. Morse. We humbly pray the divine blessings upon the entire family.

One of his favorite hymns was "There is a Fountain Filled With Blood."

The End Of The World.

Of troubles that robbed E. H. Wolfe, of Near Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago Kidney troubles caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of General Debility, Sure cure for all Stomach, Liver and Kidney, complaints, blood diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed at Haynes and Taylor's drug store."

Harry's Coon Fizzle.

(By Rustic)

The nox was lit by lux of Luna, And 'was a nox most opportuna To catch a possum or a coona. For nix lay scattered o'er this mundus, A shallow nix et non profundus. On sic a nox, with canis unis, Harry went out to hunt for coonus. The corpus of his bonus canis Was full as long as octo spanis; But brevior leas had canis never Quam had his dog—bound, clever. Some used to say, in stultum jocum, Quod a field was too small locum For sic a dog to make a turnus. Circum self from stem to sternus. Little man returned with canis unis At daylight—sine possum—sine coonus.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." So'd by Haynes & Taylor, the enterprising druggists of Marion.

Death At Fredonia.

James, the sixteen-year-old son of Mr. and Mrs. C. B. Loyd, of Fredonia, died Wednesday morning after an illness of two weeks of fever. The funeral, conducted by Rev. James F. Price, took place at the C. P. church of Fredonia, followed by the interment in the cemetery of that place. Mr. and Mrs. Loyd have the deepest sympathy of their many friends in this, their sad bereavement.—Princeton Leader.

Cost of Tobacco to Average Family.

Washington, D. C., August 16.—Statistics that are in every way reliable have been prepared by the Department of Commerce and Labor, showing the cost of living for the average family in the United States in 1905.

During the past year the average family expended for food \$226.90, which was 42.54 per cent. of all expenditures; rent cost \$99.49, or 12.95 per cent; \$11 was spent on mortgages, principal and interest; fuel cost \$1.98, and lighting \$32.21. For the year the average spent for clothing was \$8.15. Under the head of clothing men spent \$33.73 for themselves and gave their wives \$26.03 and their children \$48.08. Taxes cost the average family for the year \$5.79, while for insurance, both property and life, cost, for the former, \$1.53, and for the latter \$19.44. The average family spend \$3.87 for labor organizations, and \$5.18 for others. The amount given to religious purposes, per family, was \$5.18, and charity \$7.62, while the head of the house spent \$12.44 for intoxicating liquors and \$10.93 for his tobacco supply. In furniture there was invested an average of \$26.31, books and newspapers, \$8.55; amusements and vacation, \$12.74; sickness and death, \$20.54, and for all other purposes, \$45.13.—Western Tobacco Journal.

Famous 20th Century Sanitary Soda Fountain

FROM OUR EXCHANGES.

Eids, J. J. Franks and R. A. Latta, who conducted a series of meetings at Cave Spring church for some two weeks, came near having a serious accident last Monday. In attempting to cross a creek just after the hard rainfall of that evening while the creek was well flooded with water, the horse became somewhat frightened and came near capsizing the buggy, preachers and all. The good brothers got pretty well soaked and brother Latta lost his clothes brush and buggy wrench was about the extent of damage sustained.—Livingston Echo.

Attorney W. I. Clarke slid down his cellar door Sunday night and as a result, parted with two yards of skin from his shins. Later, he only lost a yard and a half, as his left was not so badly injured as the right and it is thought that one and one-half yards will cover the loss.—Livingston Banner.

The following teachers from this county are teaching in Crittenden county: Miss Nannie Campbell, Mr. L. F. Moore, Mrs. L. G. Morgan and Mr. O. L. Vick. There are 68 districts in Crittenden. The highest number of pupils in any of these is 465, in Marion, and the least number, 121, is found in the two districts, Old Salem and Dempsey.—Livingston Banner.

Rev. B. F. Orr, of Henderson will hold the quarterly conference for the Morganfield circuit next Saturday and Sunday at Antioch. On Sunday morning he will preach on "The Mole of Baptism." Dinner on grounds Saturday. Come and spend Saturday with us. Preaching Sunday night at Antioch.—Morganfield Sun.

Galveston's Sea Wall.

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, La Grippe, Croup, Whooping Cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at Haynes and Taylor drug store. Price 50c and \$1.00. Trial bottle free.

Failed to Reach Marion.

The Lentz & Robison shows, which exhibited as advertised, in Union county, failed to reach Marion, and, because of the hard luck in which the company has been playing, it was unable to leave Uniontown, and much of its paraphernalia and several men interested in the ownership are still in that city, awaiting a re-adjustment of plans.—Morganfield Sun.

Didn't Show Up.

The Marion ball team scheduled to play the Grays No. 2 at this place yesterday afternoon failed to show up, hence there was no game at the park as was anticipated. As far as we have been able to learn there is no cause as to why the Marion boys failed to show up. They have been defeated three times, with one "shut out" by the Grays No. 2 and perhaps didn't want the "sting" of another defeat. Princeton Leader.

The State College of Kentucky LEXINGTON, KY.

THE Agricultural and Mechanical (State) College of Kentucky offers the following courses of study, viz: Agricultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college supply. The matriculation for the last year was, including Summer school, 815.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science and arts.

The State College of Kentucky is the only institution in the Commonwealth doing in any proper sense university work.

The college home for young women provides facilities for good board and lodging. It is well equipped with all modern conveniences, including bath room and a room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

A new library building will, through the generosity of Mr. Carnegie, be erected during the next Collegiate year.

The Normal Department will be on a better footing than ever heretofore. Last year's largely increased attendance, with the unprecedented growth of the Summer Normal School, both indicate that an era of prosperity surpassing that of all previous years has opened for the Normal Department of the State College.

CONQUERING SQUASH BUG.

Best Methods of Protecting the Vines from the Ravages of This Pest.

After the squashes, cucumbers and melons are well started the squash bug makes its appearance. Those who have a garden know the flat, rusty-black creature with its vile odor. In spring or early summer the eggs are laid on the leaves and stems of plants, sometimes singly, but usually in groups of from 12 to 50. They are brownish-yellow and easily found. Fortunately the insect confines its attention almost entirely to cucurbitaceous plants.

As the bugs grow they scatter over the leaves, molting five times before they reach maturity. Naturally the plant is weakened by such attentions. A leaf that has nourished many bugs will turn yellow, and if the pest is numerous enough the whole plant may be killed. It is sometimes claimed that the bug stings the leaf and kills it, but it would be more to the point to say that the leaf is tapped and its life-blood sucked out. In autumn the adult bug crawls under a board, stone or rubbish and remains till spring.

The nymphs may be killed by a spray of kerosene emulsion or tobacco water, as their bodies are soft and unprotected. But the old bugs are proof against this kind of treatment. Then hard-shelled backs protect them.

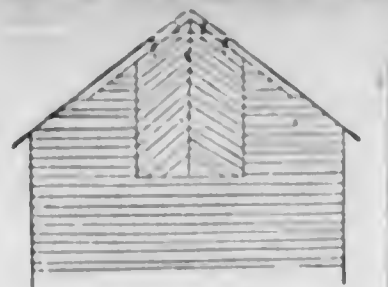

The most practical remedy thus far seems to be hand picking, says the Orange Judd Farmer. It should begin with the first bug and be repeated at short intervals. The best time for it is in the morning while it is cool and the bugs sluggish. A convenient way is to drop the bugs into a can containing water with a little kerosene. The bugs will swim in clear water, but the film of oil on the surface is sure death. Boards or shingles placed on the ground are an assistance in gathering the bugs. They will seek these shelters in mid-afternoon and remain dormant till it is warm in the morning, when they can easily be gathered. Crushing the eggs of the leaves is a preventive measure that should not be neglected.

So far as my experience goes the best way to guard against the bug is to plant the vines among potatoes. It has rarely found them there. I have grown good crops of squashes in this way and found few or none of the insects, though in other places they were numerous.

HAY DOORS IN BARN.

Placing Tracks for Them on an Inclined Will Facilitate Opening Them.

There has been great trouble in finding a suitable method of hanging doors for unloading hay with fork or slings from the outside of building. The

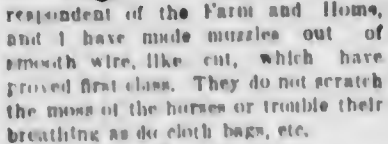

GOOD HAY BARN DOOR method described by my diagram will think the very best. Place your track on an incline with the roof, and put on rollers on the doors at the same incline. They will open very easily, say a Rural New Yorker, and shut hard, but they can easily be managed from inside.

MUZZLE FOR CORN FLOWING

Necessary Protection When Cultivating the Growing Crop.

This wire muzzle is very easy to make and is much better than the nail muzzle. For cultivating corn or drilling wheat in corn muzzling is always necessary, says a correspondent of the Farm and Home, and I have made muzzles out of smooth wire, like cut, which have proved first class. They do not scratch the muzzles of the horses or trouble their breathing as do cloth bags, etc.

JOTTINGS.

Try to harrow as soon after plowing as possible.

Two good stalks of corn in a hill is the best number.

An even stand of three stalks of corn to the hill is desirable and will give better results than more or less.

Most farmers take their chances on the grandeur of seed. This fact is the cause of much loss every year.

The quickest way to start sprouts of Irish potatoes is to cut them in small pieces, lay in flats, cover with sand, and place them in a light, warm place.

Why spend much time in trying to make the bean poles set firmly? Just tie them together at the top in groups of four and so form pyramid-shaped stakes.

The Water Supply.

It is fine to have plenty of good water on the farm for everything, and some means should be resorted to in get such a supply if it is lacking. The gasoline engine simplifies this proposition very much.

Have Straight Rows.

Don't be satisfied with crooked rows. Nothing adds to the appearance of a field more than straight rows, besides they are more easily cultivated.

CRITTENDEN COUNTY SCHOOLS

List Showing Number of Pupils in District and Teachers for Same.

We present to our readers below a complete list of the school districts of Crittenden county. In this we were aided very materially by the County Superintendent, Mr. John B. Paris. It might be more proper to say that he did the work and we do the printing. In any event we thus acknowledge his kindness.

If the directors or patrons will send us the names of those teachers omitted we will publish this list again another week and supply the vacant places.

Unnecessary Expense.

Acute attacks of colic, diarrhoea and dysentery come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. ZEMO

POSITIVELY CURES ANY FORM OF SKIN OR SCALP DISEASE

READ MR. YOUNG'S LETTER

E. W. ROSE MEDICINE CO., St. Louis, Mo. STONEFORT, ILL., April 3, 1905.

Dear Sirs:—It is a source of pleasure for me to permit you to use my picture before and after cured by "ZEMO," and to tell what "ZEMO" did for me. I doctored this case of (Acne) pimples for six years and spent several hundred dollars with physicians and specialists. The more salves and creams I used, the worse my face became. Mr. Ira Blackman recommended "ZEMO." Eight bottles entirely cured me, and I honestly believe "ZEMO" is the best remedy in the world for any skin disease. Yours very truly, Ewing Young

FRIDAY, AUG. 31, 1906.

We wish to correct the statement in last week's issue of the Record concerning Roy Crider, son of Chas. Crider. This boy was hurt by a Leopard belonging to Col. Clark's shows, and it was reported here that he had died of the injuries. We have since learned that the boy is alright, and we are glad to report him not dead.

We note with sorrow the death of our old and highly esteemed friend, John Walter Cook, of the Mattoon neighborhood. We mention with pride the last conversation with him. We mentioned the fact that according to nature he could not hope to stay here much longer as he was getting old. His answer was "No, but the thing is to be ready when the end comes."

Mr. J. E. Chittenden the former editor of this paper paid this office a call Wednesday and viewed with a great deal of satisfaction and contentment the amount of detail work and worry transpiring hourly in this office, and composing room. The importunities of printers, and that labyrinth of labyrinths, the subscription list had no terrors for him. He sat on the desk and leaned against the subscription list with impunity. In the face of the howlings of an angry subscriber he merely smiled and put on a bold, brave front. He was as merry as a rabbit that spit in a bull dog's eye, related by congressman Stanley, and commented on by Collier's this week. He informs us he is out of the newspaper business and content. He is in the insurance business and not content, for the reason his ambition spurs him onward and upward. He is in Hopkinsville, Ky., is stamping secretary of the Kentucky Board of Fire Underwriters. The Record hopes he will be president of some big fire insurance company some day.

In a speech at Warrensburg, Mo., Wednesday, Gov. Joseph Folk of that state said:

"We are in the beginning of the greatest moral awakening America has ever known. The next four years will be distinguished as the time in which the reign of lawlessness and privilege ended and routine of equal right for all became fixed in national policies and the conscience of mankind. The fact that this awakening against wrongs has come with prosperity shows that it does not proceed from a spirit of discontent, but that it springs from the moral sense of the people. We are entering upon the best age the world has ever known."

"The legislature of the State should not be controlled by any special interest whether corporation, or liquor sellers. The latter seems to be getting men favoring them in the General Assembly. It is high time for the people to wake up and see that men go to the legislature who will represent the people. Have the candidates speak out on these questions. This State belongs to no interest. It belongs to the people, and should be run by them."

Our attention has been called to a neat little programme or announcement issued by the committee of entertainment for the use of the delegates and others, to the sixty first session of the Louisville annual conference of the M. E. church, South, to be held in Gish Opera house, Central City, Ky., beginning Wednesday Sept. 26th 1906.

This announcement is unique in that it contains so much information in such a small space. It gives the bishops name and address, and his home at the conference. Also the conference home of the Bishop's cabinet. It also gives the place where the committee on examinations meet, and where the different boards meet. It seems that all the churches and halls will be called into use. Among other things we note: "The conference post office and bureau of information on the right as you enter the opera house." "Ice water will be found in abundance in the conference room." "Stationery, stamps, ink, penpoints and blotters on the table at the conference postoffice." "Dear brother, your home will be etc., etc., bring your wife."

BITS OF BYPLAY.

In 1879 or 80 John F. Winchester commonly known as "Wandering John" got into an altercation with a well known Marion character. The well known character threatened to cut him into gibslets and tan his hide on the end of a board and without further ado drew a long dirk and started for the unhappy printer. John was working on the "Press" at the time and Bob Walker was straining every nerve Saturday nights to pay him off, so of course he consulted with Bob who stood near, as to what to do. Bob's advice was, "run you fool," and run he did. The well known Marion character finally rounded him into a house on the jail lot and stood guard for half a day. When "Wandering John" finally made his escape he left Marion and has never been back since. One of our citizens saw him several years ago. John handed him a card on which was inscribed the following:

John Winchester.
"Wandering John,"
"Printorial Cuss,"

And traveling encyclopedia of the art preservative.

In retrospect the Record Rounder called back a few years and saw a familiar Marion figure on the road to see his best girl. He wore a brown suit of clothes that was a dandy, shoes that were patent leather, a white shirt that was as stiff as a board, and that tall stove pipe hat would have put Beau Brummel to the lad. He was a corker, tall and straight as an Indian he walked stiff legged and was as polite to the ladies as a basket of chips. One of his lady friends called him "that proud rascal" and he has gone by the name of "proud rascal" ever since. Do you recognize the picture?

Billy Clifton the hat drummer rolled into Marion during the dreary passing of the "wee wee" hours of the late at night. No one met him at the depot and he walked up to Billy Baird's hostelry; being seized with a fit of elusiveness he registered in bold letters.

S. P. Hiesfefer,
Oakland City, Ind.,

The genial clerk of the New Marion rest for weary travelers paused long and snorted loud at this entry on the register and pursuing his energetic way thought out loud that this new clerk was a friend to or kinsfolk of the Hanry's. By this time some of the heavy weight boarders and light weight boarders of Baird's hostelry were onto the racket and they scattered over town dropping one of their number into Baird's place of business. Telephones began to ring, loud and urgent calls were made for Mr. Hiesfefer, of Oakland City, Ind., where is he? He is wanted at the phone. The aforesaid genial clerk declared he knew nothing of the man, that he would go back and see the cabin boy—that Mr. Hiesfefer was surely at Charley Haury's. Mr. Clerk will know how it was when he reads this.

Not many years ago a certain Baptist lady of Marion made a special trip to Louisville to attend a Baptist convention. Great were the preparations for her special report of this particular convention; great were the expectations of many. A pencil and tablet were stored away and she was going to make a report that would put a newspaper reporter to the bad. She arrived in Louisville—she went to best hotel.

The next morning she started for the convention. When about half way there she heard the siren notes of a string band and on closer inspection found a speaker telling of the wonders of a dog show just inside, all for the sum of ten cents. The music was very alluring the speaker was very interesting. Was it any wonder that she took in the dog show and forgot the Baptist convention?

Blackhawk crossed the street, Albert Cannan shifted from the left foot to the right and changed his line of vision. Blackhawk recrossed the same street Mr. Cannan rearranged his feet and made a little shift and took a different "look." Blackhawk muttering, "my move," walked down a block and crossed the street again. Then observing that the line of vision of the man in blue was altogether too adjustable he crossed again, turned a corner and headed for home. Answering the inquiry of an amused bystander he said, "A wink is as good as a nod to a blind horse."

A Record Rounder rolled down Salem street yesterday. A tall bent form loomed up in the distance and rapidly approached with the undulating motions of a camel forward and a sailor sideways. It was Bob Donaldson. He rules the destiny of Wallingford's stable. As he approached he looked up and took notice. "Say Tom Cochran's clerk is just raising sand down there."

A zealous churchman was up testifying, related a certain man from Silver Heights. In the fervor and strength of his zeal he was lost for a simile. Amid many stutterings and startings he finally said, "Now Bro. Jones you know how well I love parsnips, well, I love the Lord better nor parsnips."

Physicians must of a necessity be the most resourceful men among us, and they must take advantage of every little thing they can to gain and retain the confidence of the poor mortal who is so unfortunate as to fall into their hands.

One of our local physicians, who began his career as a disciple of Escalaphus in an adjoining county about the year '94, was called to see a patient; and by the way he had not called to see many patients up in that time. He made an examination, put the thermometer under the patient's arm, looked as wise as possible, issued out a few powders, gave the directions and departed for his home in that dignified way that we all observe in doctors, but by the way he forgot to take the thermometer from under the patient's arm. The next day he visited the sick man and found him clinging to the thermometer but almost exhausted, as he thought the little instrument under his arm was a part of the treatment. He was a raid to go to the balmy land of sleep; for this therapeutic agent might slip from under his arm. This ingenious physician at once realized his predicament. To tell the patient he had forgotten the thermometer was more than he could afford, so he looked at the thermometer then told the patient that the instrument had acted well and that it was not necessary to use it again and the patient was at ease both mentally and physically.

This man was ever afterwards this physician's patron.

Familiar Sounds Heard at Camp Hill

"Breakfast for everybody!!!!!"

"Oh! I can't get my dead beats up."

"Please pass the mush."

"Did you ever? Well no I never."

"Sook Jersey, sook Jersey, sook—soak—soak—saw."

"Eat eat all you can, Sissy."

"Pass the preserves."

"Don't take all the cream—my goodness!"

"This is a mighty thin knife to eat beans with."

"I'll take a couple of glasses of milk."

"That tastes just like some more."

"Oh! play! No game lasts more than thirty minutes."

"Where are my near glasses?"

"Two two two two."

"I am stung by a 'yalier' jacket."

"What you got to drink? More water."

"Let's go get some peaches."

"Oh! don't worry Colonel Farr keeps it in stock."

"Woodman spare this tree."

"Aren't sparks from a camp fire cute?"

"Are the horses tied up?"

"We made it this way in Hopkinsville."

"It rains every day."

"Did your tent leak?"

"Water! Water! Water!"

"Ask Geo. M. Crider, the animal keeper."

"Have you seen the stork?"

"My! what an appetite. Eat what you want for 'tis said the water spout induces locomotion as well as aids indigestion."

"Come on everybody and take a shock."

"Turn it a little pearter Sis."

"Who is on the mule?"

"Hee! Haw! Hee! Haw!"

"Every thing we got's wet."

"We are coming back next summer."

"The Cridera had to go in yistidly to fill the Siloam."

"Cope Klondike! Cope Klondike! Come boy!"

"We are it when it comes to cheap goods, we don't allow any to undersell us.—Hicklin Bros."

MR. A. SHOOTER FIRES PARTING SHOT

WRITES FROM HELL'S HALF ACRE

An Octogenarian Boards a Train for the First Time

For the past six months we have been planning to take our quadriennial vacation. About a month ago we appointed Sunday Aug. 26, as the time of our departure from the crowded city of Marion.

Sunday morning dawned bright and fair. We were up early and all was astir to get breakfast and get to the train. After taking a fine breakfast of bacon, bread, milk and butter with bananas and cream to finish up with, we put every thing we could think of in our pockets, got a clean handkerchief, kissed wife and children and started for the train. Our baggage consisted of two umbrellas and a Louisville Evening Post. We reached the station without a mishap and there we found quite a crowd had congregated to see the train. Some had come to meet relatives, some had come to say good bye to friends while others had come on purpose to "go off on the train," but it seemed that no one had come to tell us good bye. It made us feel a little sad to think that we were going so far away and to stay so long a time; nevertheless we brushed the tears aside, put on a bold front and tried to make folks believe we were anxious to be on our way.

All of a sudden the ticket window was opened and people made a mad rush to buy their tickets. Alex Guess was first, he bought two round trip tickets for Evansville, one for himself and one for his better two-thirds, Uncle Davy Bryant rushed to the window and bought three round trip tickets for Sullivan. Miss Mabel Minner bought a ticket for Nunn's Switch. Rufus Little bought tickets to Sullivan for his wife and seven small children. I think he bought half tickets for all the children, Elzie Wring and Italy Terry bought tickets to Evansville and back. Then I rushed up to the window and called for a ticket to Providence. Verner seemed to be surprised when he saw I was determined to take such a long trip, but proceeded to hand me out a ticket that reminded me of the monthly statement of my account. About this time Howard M. Cornell came along with counter scales under his arm and a big smile on his dignified face and said it weighed eight pounds. About this time the train whistled up about Simon McCann's and all was astir again.

Mrs. Eliza Carr, of Carrsville, was with Uncle Davy and Aunt Liza Bryant and was ready to take her first train ride. This good lady is eighty-four years old, but she had never had that delightful sensation one experiences when they step on a train for the first time.

The bell rang, the whistle blew and we were off. Everything ran along smoothly till we got to Nunn's Switch and there Miss Mabel Minner took her leave from the train. The next stop was Blackford. There we had to change "cars" and only had to wait about ten minutes and during that time we shook hands with about a hundred of our old friends; but we do not know whether they came on purpose to see us or not.

Promptly at 8:40 we boarded the Kentucky Valley for Providence. Our old friend, Henry Fride, was conductor or while Jno. Albridge, another old friend of ours, was at the throttle. We felt that we were pretty safe when we found the train was in the care of our friends. They hitched the engine to the train and started and started for Wheatcroft, the most important town between Blackford and Providence. Everything went well till we got to Wheatcroft, as the road is old and the track smooth. We left Wheatcroft at 8:45 a. m. and we were an hour and fifteen minutes running to Providence, a distance of six miles, which I must say was extra time over this road.

We walked about a mile from the station to Payne's livery stable at the same time carrying our baggage. When we reached the livery stable and mopped the perspiration from our brow with a clean handkerchief and took a drink of ice water, we began to make inquiry about conveyance to Hell's Half Acre. The chambermaid of the stable said all his good rigs were engaged to the boys about town, but he would give me the best he had, so he called to a nice looking young man named Clarence Shade, to hook up Claude to a top buggy and take me on my way rejoicing. Claude was an old flea bitten gray horse that looked like he had done service in Dudley Wallingford's stable about twenty years ago. The buggy was a "rattling good one" and would make Morris & Yates' delivery wagon sound like thirty cents; but we were soon on our way and in due time we reached our destination. "To die is gain" "This is the last and greatest contribution to mankind." Over the mouth of the grave the perfect and the imperfect submit to their final separation the dust shall return to the earth as it was, and the spirit shall return to God who gave it.

But the voice of the living is: "Help Lord; for the godly man ceases; and the faithful fall from among the children of men."

Mrs. Lou Roberts, an estimable Christian lady, of the Iron Hill neighborhood, died Aug. 27, 1906. Aged 85 years.

She professed religion at Old Sugar Grove thirty-three years ago, and was received into the church at that place and was baptized by Rev. J. L. Hughes a month later—this was her christian home during her life.

The Rev. W. T. Oakley, her pastor, preached funeral on the 28th to a large and sympathetic congregation, from this text: "That God may be all in all."

After which her remains were laid away by tender loving hands, in the beautiful cemetery at Sugar Grove, to sleep the years away.

She was the daughter of W. H. and Martha A. Baker and sister of Jno. W. Baker, of Mo.

the community, the church and the Sunday school, are recorded on high. Her personal labors on earth are ended, but she being dead, her memory speaks and admonishes her survivors in the community, church and Sunday school to be also ready. Death will doubtless demand some of you this year and soon all living Sunday school workers will be numbered with the dead. A voice from heaven proclaims: "Blessed are the dead that die in the Lord, and a response seems to come back from the tomb. Whatever thy hand findeth to do, do it with thy might. The night cometh in which no man can work."

Most dearly loved Sister, you have left

us.

Here your loss we deeply feel,

But it is God that has bereft us.

He can all our sorrows heal—

Yet again we hope to meet you

When the day of life is dead.

When in heaven with joy to greet you,

Where no farewell tear is shed.

Through days of light and gladness,

Through days of love and life,

Through joy and smiles and sunshine,

Through days with beauty rife,

When absent from each other,

11'er mountain, vale or sea,

The Lord of love and gladness

Keep watch 'tween you and me.

Through days of doubt and darkness,

In fear and trembling breath,

Through mists of sin and sorrow,

In tears and grief and death,

The Lord of life and glory,

The King of earth and sea,

The Lord who guarded Israel

Keep watch 'tween you and me.

Resolved, That we, as a community,

Sunday school and church, bow submissively to the effective dispensation of God's providence and sympathize deeply with the afflicted and bereft friends, husband and children of the deceased.

God bless Aunt Martha the mother in her old age.

We recommend earnest and importunate prayer that God will overlook this sad dispensation of his providence for his glory and the good of us all, the prosperity of the Sunday school and the salvation of many souls.

FRIDAY, AUG. 31, 1906.

We wish to correct the statement in last week's issue of the Record concerning Roy Crider, son of Chas. Crider. This boy was hurt by a Leopard belonging to Col. Clark's shows, and it was reported here that he had died of the injuries. We have since learned that the boy is alright, and we are glad to report him not dead.

We note with sorrow the death of our old and highly esteemed friend, John Walter Cook, of the Mattoon neighborhood. We mention with pride the last conversation with him. We mentioned the fact that according to nature he could not hope to stay here much longer as he was getting old. His answer was "No, but the thing to do is to be ready when the end comes."

Mr. J. E. Chittenden the former editor of this paper paid this office a call Wednesday and viewed with a great deal of satisfaction and contentment the amount of detail work and worry transpiring hourly in this office, and composing room. The importunities of printers, and that labyrinth of labyrinths, the subscription list had no terrors for him. He sat on the desk and leaned against the subscription list with impunity. In the face of the howlings of an angry subscriber he merely smiled and put on a bold, brave front. He was as merry as a rabbit that spit in a bull dog's eye, related by congressman Stanley, and commented on by Collier's this week. He informs us he is out of the newspaper business and content. He is in the insurance business and not content, for the reason his ambition spurs him onward and on. He is in the insurance business. He is stamping secretary of the Kentucky Board of Fire Underwriters. The Record hopes he will be president of some big fire insurance company some day.

In a speech at Warrensburg, Mo., Wednesday, Gov. Joseph Folk of that state said:

"We are in the beginning of the greatest moral awakening America has ever known. The next four years will be distinguished as the time in which the reign of lawlessness and privilege ended and routine of equal right for all became fixed in national policies and the conscience of mankind. The fact that this awakening against wrongs has come with prosperity shows that it does not proceed from a spirit of discontent, but that it springs from the moral sense of the people. We are entering upon the best age the world has ever known."

"The legislature of the State should not be controlled by any special interest whether corporation, or liquor sellers. The latter seems to be getting men favoring them in the General Assembly. It is high time for the people to wake up and see that men go to the legislature who will represent the people. Have the candidates speak out on these questions. This State belongs to no interest. It belongs to the people, and should be run by them."

Our attention has been called to a neat little programme or announcement issued by the committee of entertainment for the use of the delegates and others, to the sixty first session of the Louisville annual conference of the M. E. church, South, to be held in Gish Opera house, Central City, Ky., beginning Wednesday Sept. 26th 1906. This announcement is unique in that it contains so much information in such a small space. It gives the bishops name and address, and his home at the conference. Also the conference home of the Bishop's cabinet. It also gives the place where the committee on examinations meet, and where the different boards meet. It seems that all the churches and halls will be called into use. Among other things we note, "The conference post office and bureau of information on the right as you enter the opera house." "Ice water will be found in abundance in the conference room." "Stationery, stamps, ink, penpoints and blotters on the table at the conference postoffice."

"Dear brother, your home will be etc., etc., bring your wife."

BITS OF BYPLAY.

In 1879 or 80 John F. Winchester commonly known as "Wandering John" got into an altercation with a well known Marion character. The well known character threatened to cut him into gilets and tan his hide on the end of a board and without further ado drew a long dirk and started for the unhappy printer. John was working on the "Press" at the time and Boh Walker was straining every nerve Saturday nights to pay him off, so of course he consulted with Boh who stood near, as to what to do. Boh's advice was, "run yon fool," and run he did. The well known Marion character finally rounded him into a house on the jail lot and stood guard for half a day. When "Wandering John" finally made his escape he left Marion and has never been back since. One of our citizens saw him several years ago. John handed him a card on which was inscribed the following:

John Winchester.
"Wandering John,"
"Printorial Cuss,"

And traveling encyclopedia of the art preservative.

In retrospect the Record Rounder called back a few years and saw a familiar Marion figure on the road to see his best girl. He wore a brown suit of clothes that was a dandy, shoes that were patent leather, a white shirt that was as stiff as a board, and that tall stove pipe hat would have put bean Brummel to the had. He was a corker, tall and straight as an Indian he walked stiff legged and was as polite to the ladies as a basket of chips. One of his lady friends called him "that proud rascal" and he has gone by the name of "proud rascal" ever since.

Do you recognize the picture?
Billy Clifton the hat drummer rolled into Marion during the dreary passing of the "wee sma" hours of the late at night. No one met him at the depot and he walked up to Billy Baird's hosiery; being seized with a fit of elusiveness he registered in bold letters.

S. P. Hiesifer.
Oakland City, Ind.,

The genial clerk of the New Marion rest for weary travelers paused long and snorted loud at this entry on the register and pursuing his energetic way thought out loud that this new clerk was a friend to on kinsfolk of "Hau-ris". By this time some of the heavy weight boarders and light weight loaders of Baird's seat were onto the racket and they scattered over town dropping one of their number into "Hau-ris" place of business. Telephones began to ring, loud and urgent and were made for Mr. Hiesifer, of Oakland City, Ind., where is he? He is wanted at the phone. The storesail clerk declared he knew nothing of the man, that he would go back and see the cabin boy—that Mr. Hiesifer was surely at Charley Haury's. Mr. Clerk will know how it was when he reads this.

Not many years ago a certain Baptist lady of Marion made a special trip to Louisville to attend a Baptist convention. Great were the preparations for her special report of this particular convention; great were the expectations of many. A pencil and tablet were stored away and she was going to make a report that would put a newspaper reporter to the bad. She arrived in Louisville—she went to best hotel.

The next morning she started for the convention. When about half way there she heard the siren notes of a string band and on closer inspection found a speaker telling of the wonders of a dog show just inside, all for the sum of ten cents. The music was very alluring the speaker was very interesting. Was it any wonder that she took in the dog show and forgot the Baptist convention?

Blackhawk crossed the street, Albert Cannan shifted from the left foot to the right and changed his line of vision.

Blackhawk recrossed the same street Mr. Cannan rearranged his feet and made a little shift and took a different "look." Blackhawk muttering, "my move," walked down a block and crossed the street again. Then observing that the line of vision of the man in blue was altogether too adjustable he crossed again, turned a corner and headed for home. Answering the inquiry of an amused bystander he said, "A wink is as good as a nod to a blind horse."

A Record Rounder rolled down Salem street yesterday. A tall bent form loomed up in the distance and rapidly approached with the undulating motions of a camel forward and a sailor sideways. It was Bob Donaldson. He rules the destiny of Wallingford's stable. As he approached he looked up and took notice. "Say Tom Cochran's clerk is just raising sand down there."

A zealous churchman was testifying, related a certain man from Silver Heights. In the fervor and strength of his zeal he was lost for a simile. Amid many stutters and startings he finally said, "Now Bro. Jones you know how well I love parsnips, well, I love the Lord better nor parsnips."

Physicians must of a necessity be the most resourceful men among us, and they must take advantage of every little thing they can to gain and retain the confidence of the poor mortal who is so unfortunate as to fall into their hands.

One of our local physicians, who began his career as a disciple of Escalaphus in an adjoining county about the year '94, was called to see a patient; and by the way he had not failed to see many patients up to that time. He made an examination, put the thermometer under the patient's arm, looked as wise as possible, issued a few powders, gave the directions and departed for his home in that dignified way that we all observe in doctors, but by the way he forgot to take the thermometer from under the patient's arm. The next day he visited the sick man and found him clinging to the thermometer but almost exhausted, as he thought the little instrument under his arm was a part of the treatment. He was afraid to go to the halmy land of sleep for this therapeutic agent might slip from under his arm. This ingenious physician at once realized his predicament. To tell the patient he had forgotten the thermometer was more than he could afford, so he looked at the thermometer then told the patient that the instrument had acted well and that it was not necessary to use it again and the patient was at ease both mentally and physically.

This man was ever afterwards this physician's patron.

Familiar Sounds Heard at Camp Hill

"Breakfast for everybody!!!!"
"Oh! I can't get my head beats up."
"Please pass the mush."
"Did you ever? Well no I never."
"Sook Jersey, sook Jersey, sook—soak—soak—saw."
"I eat all you can, Sissy."
"Pass the preserves."
"Don't take all the cream—my goodness!"
"This is a mighty thin knife to eat beans with."
"I'll take a couple of glasses of milk."
"That tastes just like some more."
"Oh play! No game lasts more than thirty minutes."
"Where are my near glasses?"
"Two two two two."
"I am stung by a 'yalier' jacket."
"What you got to drink? More water—"
"Let's go get some peaches."
"Oh! don't worry Colonel Parr keeps it in stock."
"Woodman spare this tree."
"Aren't sparks from a camp fire cute?"
"Are the horses tied up?"
"We made it this way in Hopkinsville."
"It rains every day."
"Did your tent leak?"
"Water! Water! Water!"
"Ask Geo. M. Crider, the animal keeper."
"Have you seen the stork?"
"My! what an appetite. Eat what you want for 'tis said the water super induces locomotion as well as aids indigestion."
"Come on everybody and take a shock."
"Turn it a little pearter Sis."
"Who is on the inside?"
"Hee! Haw!! Hee! Haw!!"

MR. A. SHOOTER FIRES PARTING SHOT

WRITES FROM HELL'S HALF ACRE

An Octogenarian Boards a Train for the First Time

For the past six months we have been planning to take our quadrennial vacation. About a month ago we appointed Sunday Aug. 26, as the time of our departure from the crowded city of Marion.

Sunday morning dawned bright and fair. We were up early and all was astir to get breakfast and get to the train. After taking a fine breakfast of bacon, bread, milk and butter with bananas and cream to finish up with, we put every thing we could think of in our pockets, got a clean handkerchief, kissed wife and children and started for the train. Our baggage consisted of two umbrellas and a Louisville Evening Post. We reached the station without a mishap and there we found quite a crowd had congregated to see the train. Some had come to meet relatives, some had come to say good bye to friends while others had come on purpose to "go off on the train," but it seemed that no one had come to tell us good bye. It made us feel a little sad to think that we were going so far away and to stay so long a time; nevertheless we brushed the tears aside, put on a bold front and tried to make folks believe we were anxious to be on our way.

All of a sudden the ticket window was opened and people made a mad rush to buy their tickets. Alex Guess was first, he bought two round trip tickets for Evansville, one for himself and one for his better two-thirds, Uncle Dave Bryant rushed to the window and bought three round trip tickets for Sullivan. Miss Mahel Munner bought a ticket for Nunn's Switch. Rufus Little bought tickets to Sullivan for his wife and seven small children, I think he bought half tickets for all the children. Elzie Wring and Bady Terry bought tickets to Evansville and back. Then I rushed up to the window and called for a ticket to Providence. Venner seemed to be surprised when he saw I was determined to take such a long trip, but proceeded to hand me out a ticket that reminded me of the monthly statement of my ice account. About this time Howard W. Cornell came along with counter scales under his arm and a big smile on his dignified face and said it weighed eight pounds. About this time the train whistled up about Simon McCain's and all was astir again.

Mrs. Eliza Carr, of Catersville, was with Uncle Dave and Aunt Liza Bryant and was ready to take her first train ride. This good lady is eighty-four years old, but she had never had that delightful sensation one experiences when they step on a train for the first time.

The bell rang, the whistle blew and we were off. Everything ran along smoothly till we got to Nunn's Switch and there Miss Mahel Munner took her leave from the train. The next stop was Blackford. There we had to change "cars" and only had to wait about ten minutes and during that time we shook hands with about a hundred of our old friends; but we do not know whether they came on purpose to see us or not.

Promptly at 8:40 we boarded the Kentucky Valley for Providence. Our old friend, Henry Pride, was conductor while Jno. Aldridge, another old friend of ours, was at the throttle. We felt that we were pretty safe when we found the train was in the care of our friends. They hitched the engine to the train wrong end first and started for Wheatcroft, the most important town between Blackford and Providence. Everything went well till we got to Wheatcroft, as the road is old and the track smooth. We left Wheatcroft at 8 a. m. and we were an hour and fifteen minutes running to Providence, a distance of six miles, which I learned was extra time over this road.

We walked about a mile from the station to Payne's livery stable at the same time carrying our baggage. When we reached the livery stable and mopped the perspiration from our brow with a clean handkerchief and took a drink of ice water, we began to make inquiry about conveyance to Hell's Half Acre. The chambermaid of the stable said all his good rigs were engaged to the boys about town, but he would give me the best he had, so he called to a nice looking young man named Clarence Shade, to hook up Claude to a top buggy and take me on my way rejoicing. Claude was an old flea bitten gray horse that looked like he had done service in Dudley Wallingford's stable about twenty years ago. The buggy was a "rattling good one" and would make Morris & Yates' delivery wagon sound like thirty cents; but we were soon on our way and in due time we reached our destination. "To die is gain" "This is the last and greatest contribution to mankind." "Tiver the mouth of the grave the perfect and the imperfect submit to their final separation—the dust shall return to the earth as it was, and the spirit shall return to God who gave it."

But the voice of the living is: "Help Lord; for the godly man ceases; and the faithful fall from among the children of men."

She was the daughter of W. H. and Martha A. Baker and sister of Jno. W. Baker, of Mo.

Her father died when she was a mere child. She married Geo. Roberts twenty-five years ago. She was the mother of two children, Edna and Annie. In her death the children have lost their best friend and wisest counselor and the husband the loving companion of his early manhood, and the community, church and Sunday school a noble christian character whose light will shine as the stars in the firmament forever and ever.

We can not do justice to her memory or give full utterance to our emotions of sympathy so justly due to her afflicted husband and children, and the church and Sunday school which mourns on account of her absence. But we are assured that "affliction does not spring from the ground nor trouble arise by chance" and that "all things work together for the good of those who love God." The labors of this faithful servant of God, in the home,

the community, the church and the Sunday school, are recorded on high. Her personal labors on earth are ended, but she being dead, her memory speaks and admonishes her survivors in the community, church and Sunday school to be also ready. Rutledge Newcomb, of Repton, was in this community Saturday.

Rev. Robert A. LaRue filled his regular appointment here Saturday and Sunday, that being the fourth Saturday and Sunday, regular preaching day. Rev. R. C. Love will preach at the Methodist church every third Saturday and Sunday.

Miss Lila Spickard the eldest daughter of J. M. and Mrs. Susie Spickard, told your correspondent that she was married; that she and Mr. Presley McChesney, of Farmerville, were married at Clarksville the 14th of last May.

The many friends of this popular young couple have thought for some time that they would marry, but none thought of anything so romantic as a secret marriage, keeping it a secret for more than three months. There was no objection to the marriage they just wanted to surprise their friends and they did. Their many friends join me in wishing them "roses without thorns."—Princeton Leader.

Why Mr. Grub-Worm Goes on His Back

By ANNE VIRGINIA CULBERTSON

(Copyright, by Joseph B. Howles.)

One day the children had gone down to the little cabin of Aunt Phrony, and on this occasion she chose to tell them about certain happenings in the affairs of Miss Possum and Mr. Grub-worm.

"Dey was both of 'em mighty fat folks," she began, "an', like lots of fat folks, dey was right lazy. Dey ain't go nowheres dey ain't hatter go; jest money round a lil' to git der vittes, an' stay home der rest er de time, w'lle other creeturs dey all time trapesin' an' trollopin' up an' down de kyountry to see w'at dey kin see, an' hear w'at dey kin hear, an' do w'at dey kin do. Miss Possum she stay in a holler tree an' snooze de time away, an' Mister Grub-worm he ha snuggled down jes' be neaf de top ar de groun' an' dream 'bout de time he gwine turn into a beetle an' live on top er de groun'."

"Oh, Aunt Phrony, do grub-worms turn into beetles," asked one of the children incredulously.

"Yea, sir! dat dey does! Dish yer one w'at I tell 'bout he lie low underneath de earth until May er June, an' den come out an' turn into one dese yer pooty green an' brown beetles w'at dey calls 'June beetles,' de kine chilleen ketches an' sets ter julin'!"

Of course the children wanted to know what "juning" was.

"Lawd! Lawd!" she said, "I done 'spose all chilleen knowed how ter june

AUNT PHRONY

a bug. W'y, you jes' takes de beetle an' ties a string to 'im, an' holes out'er de end of it an' lets 'im fly, an' den ha hums an' he buzzes an' he soons, an' dat's w'at dey calls junin'."

"Now, den, lemme sta' agate. I done tole you dat Mister Grub-worm an' Miss Possum was both of 'em fat an' lazy, an' like ter stay home. But dey's mighty fond er knowin' w'at gwine on in de worl', an' w'en other creeturs go ter de kyountry ter tend ter de fairs er de kyount y, dese yer stay-at-home ain't g'n' 'em no peace w'en dey git back, pesterin' 'em wid quesheens 'bout w'at went on at de kyountry."

"One time some er de creeturs was gwine by fum de meetin', an' Miss Possum she sta' in her do' an' ball 'em, an' at 'em fer ter come in an' set a wile. Dey sez, 'Scuse we-a-1 me, we 'blessed fer ter be gittin' on,' an' dey sez ter one another 'bout de ban's.' 'Lawd! Lawd! let's make haste an' git outen dis, er dat woman nab us an' nail us ter de cheeks all night!'"

"Miss Possum she sav, set she, 'Gentlemen, I ain't gwine take no fer a oraser. You-all mus' be plumb frazzed out wid yo' walk. You mus' come in an' take off yo' shoes an' rest yo' hoofs an' den lemme gin you a plate er 'almonds an' a glass er buttermilk. Now, you year me, I ain't gwine let you off!'"

"De vittles fetched 'em, like dey allus do wid men-folks, an' in dey came. Miss Possum she saad 'em quesheens 'bout who wuz dar, an' w'at dey do, an' w'at dey wear, an' w'at dey have ter eat, an' w'at laws been pass', until dey wuz fair wile. Dey git so wot out an' aggraved dat w'en she go nuten de room ter ter fetch de 'almonds an' de butter-milk dey go to collingin' toger an' fit up a lil' joke on her. W'en she come back she sot down de plates an' de glasses, an' patt her hands on her hips, an' stood watchin' 'em eat talk in at 'em all de time."

"'Howdya,' she sez, 'y'all ain't g'n' me no news w'at talkin' 'bout. Is it all you kin 'member er de doin'?'"

"Jen one an' en he wink at de rest, an' he sez, he do. 'Lawd! how yo' sez, Miss Possum, I nigh miss' fergit ter tell you dat de kyountry done juse a law dat all animals mus' pervide derseels wid a pouch o'f de kine dey kin kyar der chilleen roun' wid 'em!'"

"'Fer de lan's sake!' sez she, 'how I gwine git me any pouch ter kyar roun' wid me!'"

"'Niver you mince,' dey sez, 'we bring you de bide, an' all you gotter do be ter make de pouch.'"

"So dat's w'at dey do, an' Miss Pos-

sum she 'uz strukken wid de notion dat hit save her de trouble er kyar'g' de bag on her arm of she jes' take an' sew hit on her body insid', so, sho's yo' bawn, she tuck an' sewed hit on her own bide, right in front, an' dar whar she been kyar'g' it ever sence."

"The other creeturs raise a big hoot w'en dey see her gwine roun' like dat, de only one 'mong 'em all w'at kyar der younguns data-way. Miss Pos-

sum don't care. She say, 'Gentlemen, juk 'a in me dis time. En' sho' hit hit me, an', 'er on a bug!'"

good turn, dis heap better den gwine roun' tulin' my chilleen wid my mouth, de way some er you-all hatter do w'en you want a tote y'."

"An' ter dis day she take her chilleen

everywhar she go, an' w'en dey go out ter rob a hen-roost, sometimes she lays down on de groun' in de sun, an' dey walks outer de pocket an' climas all over her, an' squats down, an' hangs on by curlin' der long tails roun' de hys' on her body. I do seed a dozen an' 'em ta onct jes' settin' all over der mammy, hangin' on by der tails."

"After de creeturs lef' Miss Possum,

dey glong lil' ways an' meet up wid Mister Grub-worm, an' he turnt to an' 'gun ter pussecoot 'em jes' like she been doin'." Dey git natchelly wot out wid 'im, so dey go off a piece an' confabulate toger. 'Now ain't dis jes' so much!' dey sez. 'W'y 'n't dis man go ter de kyounsell an' use his own eyes an' years? Mis'able lazybones! One an' 'em say ter tba others: 'Jas' leave dis man ter me.'"

"Den ha go back, an' he say ter Mister Grub-worm, 'Brer Grub, we-all done fergit ter tell you de kyounsell done pass' a law dat all animals mus' crawl on der backs. Dey say wa bin gwine roun' wid ow' eyes on de groun' long 'nuff, an' now we mus' turn over an' look up in de worl'."

"'Umph!' sez de Grub-worm, sezee, 'dat suit me to er gnat's bristle, kase I don't reckon folks gwine 'speak' me ter git 'roun' fas' ef I hatter to travel on my back. I kin take hit easy den, sho'nuff. Stan' outen de way, you-all; yer goes!'" An' wid dat he roll over on de groun' an' try ter crawl. Mighty hard wuk! He wrassel an' he tussel an' he tug, but he ain't make no head-way. 'Whew! dish yer make me tired, sho'nuff!' sezee, 'I gwine turn me over an' do de ole way; dat good 'nuff fer me. Mighty easy ter set up in de high saats an' gin 'orders. I wish all de folks w'at send orders hatter try 'em on themselves fo' dey kin pass inter laws."

"He try ter turn back on his stummick, but bless yo' soul, dar wa'n't no turn to 'im. He huff an' he puff, an' he fuss an' he cuss, but 'twan't no use. De creeturs dey stood by an' snickered, an' aliged 'im on, an' let on ter try an' bel'e. Las' dey kalm't stan' hit no longer, an' dey hus' out laughin' an' sez, 'Heyo, Mister Grub, we done got you ax' dis time. Reckon you won't go pesterin' wa-all no mo' wid quesheens 'bout de kyounsell. You hatter travel all de way dar on yo' back uter dis ef you wanten know w'at gwine on; you kalm't 'pend on we-all no mo'. So 'long, ole man.'"

"Sence den ole Grub-worm been d'in all his walkin' on he tuck, an' he been at it so long now dat he done got right azy. Sometimes after a halvy rain be comes up through de top er de groun', an' you kin see 'im jes' mu'a seecoin' roun' on he back."

"Now, dat's all de tales you gwine git outen me dis day. I is plumb wot out, same 'z de creeturs wuz, wid quesheens; an' de ole woman folded ber hands and closed her eyes and pretended to be fast asleep, seeing whil her little auditors stole softly away on tip-toe fer fear of waking her."

STOMACH ACHE

You have more or less trouble with your stomach, your bowels and your liver—everybody does. And when these delicate and easily-disordered organs do get out of order, they are the worst things in the world to you. If you took the right kind of care of them, you wouldn't suffer, but you don't.

The only way you can correct the trouble you do have and prevent these parts from getting out of order is to use

Dr. Caldwell's Syrup Pepsin

Everybody knows that PEPSIN is good for the stomach, but in combination with certain plant drugs by DR. CALDWELL'S formula, its natural value is highly increased.

DR. CALDWELL'S SYRUP PEPSIN is the best thing in the world for correcting and curing all forms of stomach trouble—you'll say so when you try it. DR. CALDWELL'S SYRUP PEPSIN can be obtained in both dollar and half-dollar sizes at all druggists, and your money will be refunded if it fails to benefit you.

Your postal card request will bring by return mail our new booklet, DR. CALDWELL'S BOOK OF WONDERS, and free sample to those who have never tried this wonderful remedy. Mail your postal today.

\$25,000 HUNG UP FOR STATE FAIR.

Largest Prize List Ever Offered to Exhibitors.

Money Given By Several Breeding Associations.

Low Railroad Rates and Races Every Day.

Standard Breeds of Horses, Cattle, Sheep and Swine Provided for in Catalogue, Which May Be Had From Secretary J. B. Howles.

The prize list for the Kentucky State Fair, which will be held at Louisville during the week of September 17-22, has been announced by Secretary J. B. Howles. In premiums and purses something over \$25,000 will be distributed during the week, and the Kentucky farmers and stock-raisers who enter their products will have something substantial to show for their victories, as well as the glory of winning ribbons at Kentucky's Fair.

The largest amounts have of course been set aside for horses and cattle, and \$5,500 in prize money will be given to the exhibitors of the harness and saddle horses. The owners of beef and dairy cattle will carry away with them \$5,000 at the close of the Fair. For sheep \$1,500 has been hung up, and the same amount will go to the exhibitors of swine. For jacks and mule stock \$500 in prizes is offered, while for poultry and pet stock the prize list runs to \$500. For field seed, horticulture, tobacco, etc., \$2,500 has been hung up. A large number of silver cups has been offered by public-spirited men for special classes. The National Hereford Association has given \$200 to be added to the prize money in the class for Herefords. The American Oxford Down Record Association has offered \$45 in special prizes for the best Oxford Down sheep. The American Saddle Horse Breeders' Association has offered a cup costing \$100 for the finest horse registered with that association under two years of age. The American Shorthorns Breeders' Association has added \$395.

Three Styles of Saddles.

Three types will be judged in both the saddle and harness horse divisions. For the saddlers there will be rings for the fashionable walk-trot-canter type, the popular five-gaited horses and the strictly Southern saddle horse technically known as the plantation saddle and popularly called nodding walkers. The latter class are judged solely upon the two-gaits, the running walk and the canter. The five-gaited horses will, of course, be judged equally upon five distinct gaits—the walk, trot, canter, rack, and either the running walk, slow pace or fox trot.

In the harness horse rings there will be three divisions, one for the flashy heavy harness horses, one for the roadsters and one for light harness horses. This latter type is one that is shown only in Kentucky fairs. The horses are not required to have either the excessive action of the high stepper or the great speed of the roadster.

Harness Horses.

The light harness horses will be judged by their conformation, quality, manners, soundness, all-round action and the manner in which they are shod and fitted. Docked horses are ineligible. The five-gaited classes of stallions and mares must be recorded in the American Saddles Harness Register. They will be judged by their soundness, conformation, manners and action. Horses under three years old will be shown to hand. Docked horses are ineligible. Roadsters will be judged by their speed, manners, conformation, soundness, durability, gait and style of riding. Records and pedigrees will not be considered, and weights and hoppers will be barred. The heavy harness horses will be judged by their all-round action, which must be true as well as high, manners, style, soundness and the manner of their shodding and fitting. All entries in this class must wear heavy harness and curb bit; tails must be either docked or tied up.

In the beef cattle division prizes are offered for Shorthorns, Herefords, Aberdeen Angus and Polled Durhams. In this class a large number of rings have been reserved exclusively for Kentucky breeders. In dairy cattle the Jerseys, Holsteins and Ayrshires will be shown. In the sheep there will be Shropshires, Cotswolds, South Down, American Merinos, Oxford Downs, Hampshire Downs. For the hogs there are classes for Berkshires, Duroc Jerseys, Poland Chinas, Chester Whites, Tamworths, Yorkshires and Hampshire of this kind. There will also be classes for ponies, mules, jacks and Angora goats.

Daily Races.

In addition to the rings there will be four races on the program each day, one for harness horses decided by heats, one for three in five, and three running races. There will be one free-for-pade and one 2:10 trot during the week. The purses for the trotting and pacing races are \$600 each, and the purses for the running races are \$250 each.

The State Fair will be made attractive to visitors from every standpoint. There will be concerts both during the day and evening by bands of a national reputation.

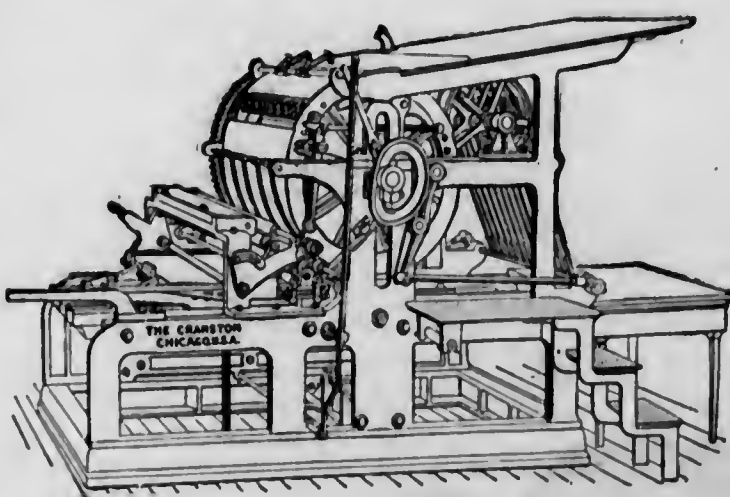

The official catalogue can be had on application to J. B. Howles, Secretary, Fourth and Main Streets, Louisville, Ky.

WILL BE BETTER THAN IT EVER WAS

In Its Third Year The Record's Circulation Exceeds the Expectations of Its Publishers and Friends.

With the issue of July 13th, 1906, THE CRITTENDEN RECORD started in on the third year of its existence. A part of that voyage has been tempestuous and part of it bright.

On the 28th day of March, 1905, a conflagration destroyed the greater part of Marion and in that destruction THE CRITTENDEN RECORD went down. THE CRITTENDEN RECORD did not miss an issue on account of the fire nor for any other cause. For over a year it struggled along without any machinery, but now it is fully equipped and prepared for any and all kinds of newspaper and job work. Below is a cut of the new Cranston press installed July 6th, 1906, and also a cut of the engine that drives all the machinery.

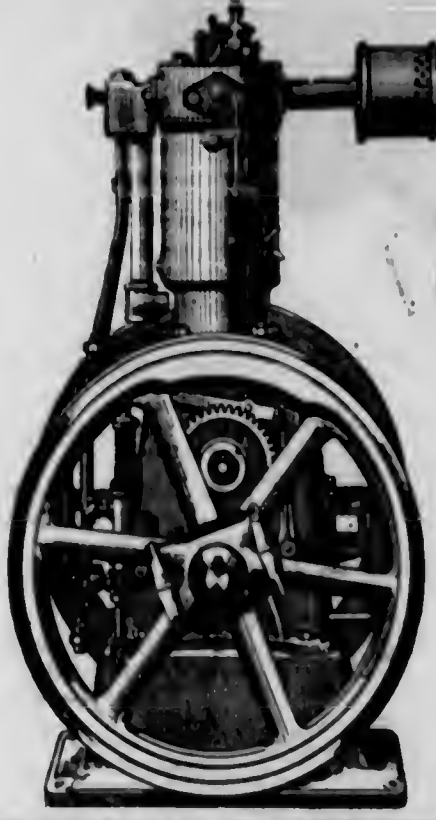

In the past two years the circulation of THE RECORD has grown beyond all expectations and now exceeds that of many much older county papers, in fact few reach as many homes.

A special continued effort is now being made to still further enlarge the number of papers that go out from this office.

THE RECORD will be made better than ever before, both as a newspaper and advertising medium, and will ever be a friend to enterprise, industry and education, of interest to every member of the family.

We thank our friends for liberal patronage and assure them that we shall endeavor to merit the same.

The Continued Story of Current Events

Fredonia and Kelsey.

W. C. Martin died Sunday Morning at five o'clock, was buried at New Bethel Monday at eleven o'clock. Funeral services conducted by Rev. R. W. Morehead, of Princeton, assisted by Rev. M. E. Miller, of Kelsey.

J. E. Crider and family, of Fredonia, and R. E. Cooper and family, of Hopkinsville, are trying to regain their lost health out at the Hill's Medical Spring and will remain until about the first of October.

A boy of Charles Crider got too near the leopard's cage Sunday evening and a leopard grabbed him on the top of his head and cut three ugly gashes from the back to the front of his head, utterly demolishing his straw hat. Two men came to his rescue and the keeper struck the leopard with the edge of a plank and made him take in his foot or the boy would have been killed in a very little while.

Miss Bertie Guess, of White Sulphur, was visiting in town Monday, and her mother, Mrs. Charles Guess, is spending the week with her sister, Mrs. John Rover.

The R. R. will have the switch extension completed in a few more days.

The large crowd of visitors at T. E. Easley's left for home Monday morning.

The big show drew a large crowd of people to town Monday. It was a good show for one to be traveling over land instead of by rail.

Mrs. J. W. Hughes and Mrs. J. B. Ray had several visitors first of the week.

Mr. and Mrs. Hugh Martin, of Salem, were here last week to see his grand father. He started home in the evening and could not cross Livingston creek a mile from town and only a nice shower here.

J. A. Glenn, of Cadiz, is visiting his brother, R. B. Glenn, of Lyon county.

Mr. and Mrs. C. W. Jackson, of New Bethel, were in town Monday evening.

The Rev. Elgin conducted quarterly meeting here Saturday and Sunday.

We have a neat and complete line of glass, granite, tin and enamel ware at very low prices. Give us a call. Fobs.

Sheridan.

Most people think this great mining center dead, but that is a mistake, several mines already running, and Mr. Cartwright begins another this week, and with C. Terry to log, George Yates to saw, Henry Moore to do the hauling, and Uncle Joe Wiggins to do the building, Sheridan is sure to stay to the front.

About three or four weeks ago our ball team went down and played the Hardesty team, the score stood 13 to 12 in Sheridan's favor.

Last Saturday the Hardesty team came up and found our boys with the goods and played the game, the score standing 2 to 8 in Sheridan's favor. Come on boys with your big mit, we'll give you practice.

Health is good. Crops are fine, and every body going to the camp meeting except Mr. Moon, and it's in eclipse.

Pleasant Hill.

Mr. T. F. Newcomb will take up school at this place next Monday Aug. 27. This will be Mr. Newcomb's third school at this place. Both patrons and pupils like Mr. Newcomb and he likes the people which is very essential to a good school.

The new church house at this place which THE RECORD mentioned some time ago has been completed. It was ready for the regular services the second Saturday and Sunday before the old house was torn away June 13th and in sixty days the new house covered the same ground with six feet added both in width and length also 10x12 vestibule in front with octagon corners. Mr. J. S. Braswell, of Marion, supervised the construction and it is a first class piece of work and will cost about \$1800.

REMEDY FOR HAY FEVER

After Trying Other Treatments Mr. Forbes Used Hyomei With Perfect Success

Before the discovery of Hyomei the only advice a physician could give to hay fever patients was to go away from home; but now if Hyomei is used any one who is subject to this disease can stay at home without fear of the annual attack of sneezing, the watery eyes and other discomforts.

Mr. J. F. Forbes, a well-known western railroad man, of McCook, Neb., writes: "I never had any relief from any hay fever remedy even temporarily until I discovered the merits of Hyomei. I always recommend it when occasion presents."

There is no offensive or dangerous stomach dosing when Hyomei is used. This reliable remedy for the cure of all diseases of the respiratory organs is breathed through a neat pocket inhaler that comes in every outfit, so that the air breathed into the throat and lungs is like that of the White Mountains and other health resorts where hay fever is unknown.

The fact that we agree to refund the money to our hay fever customers if it fails to relieve, should inspire confidence in every sufferer.

A complete outfit costs only \$1.00, extra bottles 50c. For sale by Haynes & Taylor, Marion, Ky.

AMONG THE CHURCHES.

Rev. Virgil Elgin held quarterly meeting at Tyner's Chapel Sunday. His subject was "Scriptural Revival and Its Results." His text was taken from the second chapter of Acts, the 21st verse and a part of the 47th verse, "Whoever shall call on me in the name of the Lord shall be saved. The Lord added to the church daily such as should be saved." The subject was divided into several thoughts.

1. Prayer.
 2. Unity of purpose.
 3. Character of preaching.
 - (1) Not difficult.
 - (2) Not theological.
 - (3) Not dead in theories.
 4. Grave and sober.
 5. Holy Ghost preaching.
- Hence the revival.

Rev. J. H. Butler preached at the Baptist church Sunday morning. His subject was "Honoring and Despising God." His text was taken from first Samuel 2:30. "Them that honor me I will honor and they that despise me shall be lightly esteemed." The subject divided itself into parts. First, Honoring God and its results. How we may honor God. Second, despising God and its results. What it is to despise God.

Rev. Butler, of the Baptist church, preached at the Union services Sunday evening, which were held at the Methodist church. His subject was "For Jesus' Sake." His text was second Cor. 4:5. For we preach not ourselves, but Christ Jesus the Lord; and ourselves your servants for Jesus' sake. First, what God does for us for Jesus' sake. Second, what we should do for Him for Jesus' sake.

Rev. J. R. McAfee preached to a good sized congregation last Sunday in the Methodist church at 11 o'clock taking as his text the 37th and 38th verses of the 9th chapter of Matthew. The subject was "The Greatness of the Harvest and the Scarcity of Laborers." It was purely a missionary subject and he first noted that the need of the church today is a Christ like vision or conception of the needs of humanity. Second, it is readily seen that the need of humanity is a Christ like sympathy for humanity. Among other things considerable emphasis was laid upon the fact that the Princeton and Henderson districts of the Louisville Conference had pledged to support one missionary in the field in addition to the regular collection and subscriptions pledged for missionary work. It is of passing interest to note that the particular missionary referred to is Rev. Edward Jomer, nephew of a former Marion pastor. He is now at work and has been for several years in Brazil. The music was quite a feature of the service. Mr. J. LeRoy Shrode sang a solo entitled "Why Have You Not Told It Before?" It is a missionary hymn and was well rendered. The collection amounted to \$55.

The subject of the sermon at the Presbyterian church last Sunday morning was "A Life in Christ," the text or scripture from which it was derived is Phil. 1:21. "For to me to live is Christ." A life in Christ calls for four requisites, service, sacrifice, submission and suffering, and it brings salvation. These are all mentioned in this letter to the church at Philippi. These requisites are necessary to salvation. The man who lives for Christ will be saved. He who lives for him must serve him and must sacrifice to, and suffer for him as well as submit to him. These are the requirements for the christian life, and those who do not live for Christ cannot hope to be saved by Christ.

Services at the Presbyterian church next Sunday both morning and night.

Last Sunday marked the close of the union service for this summer.

There will be no services at the C. P. church next Sunday.

Rev. J. F. Price had good audiences and interesting services at Dixon Sunday.

Rev. J. F. Price is at Mt. Zion, near Water Valley, Ky., holding a meeting this week. He held the revival meeting for this church last year.

Obituary.

James C. Loyd was born August 7th, 1852. He was the first born child of Mr. and Mrs. Charlie Loyd. He died August 22, 1906, a little over fourteen years of age. He was always a regular attendant at Sunday School and took a great interest in his lessons. In token of the esteem in which he was held, the boys of his class were the pall-bearers at the funeral services. Before he could talk plainly his mother taught him to pray. God bless such mothers. And this was his prayer: "God bless papa, mama and Jamie and every body, for Christ sake, amen."

There were five children born after him and these, one by one were included in his little prayer before he retired at night. He was very thoughtful and affectionate and never failed to kiss mamma and papa if at home, before he retired at night. Although entering the period of young manhood, this seemed to be a part of his loving nature even up to the day of his last illness he had been helping his father in the store. He would never leave for the evening

without saying "Goodnight, papa." He was always obedient and ever willing to do his task.

He professed religion at one of Bro. Halsell's meetings, when assisted by Bro. Barbee, a few years since. Last fall during the meeting held by Mrs. Wessley at Fredonia, his mother talked to him about his spiritual condition and he seemed to be well satisfied that he was one of Christ's children. He possessed no bad habits and did not use vulgar or profane language. He had many friends and at his funeral services they paid him the highest tokens of respect and the sweetest ministries of love.

In the absence of the pastor the funeral services were conducted by the Rev. J. F. Price in the presence of a large and respectful audience. The funeral tribute was beautiful indeed.

He is gone, but his life on earth is like the dawn of a brighter day. In the beautiful beyond it is hoped that father, mother and brothers will gather with Jamie where they will live and love forever.

A FRIEND.

The Continued Story of Current Events

Fredonia and Kelsey.

W. C. Martin died Sunday Morning at five o'clock, was buried at New Bethel Monday at eleven o'clock. Funeral services conducted by Rev. R. W. Morehead, of Princeton, assisted by Rev. M. E. Miller, of Kelsey.

J. E. Crider and family, of Fredonia, and R. E. Cooper and family, of Hopkinsville, are trying to regain their lost health out at the Hill's Medical Spring and will remain until about the first of October.

A boy of Charles Crider got too near the leopard's cage Sunday evening and a leopard grabbed him on the top of his head and cut three ugly gashes from the back to the front of his head, utterly demolishing his straw hat. Two men came to his rescue and the keeper struck the leopard with the edge of a plank and made him take in his foot or the boy would have been killed in a very little while.

Miss Bertie Guess, of White Sulphur, was visiting in town Monday, and her mother, Mrs. Charles Guess, is spending the week with her sister, Mrs. John Rover.

The R. R. will have the switch extension completed in a few more days.

The large crowd of visitors at T. E. Easley's left for home Monday morning.

The big show drew a large crowd of people to town Monday. It was a good show for one to be traveling over land instead of by rail.

Mrs. J. W. Hughes and Mrs. J. B. Ray had several visitors first of the week.

Mr. and Mrs. Hugh Martin, of Salem, were here last week to see his grand father. He started home in the evening and could not cross Livingston creek a mile from town and only a nice shower here.

J. A. Glenn, of Cadiz, is visiting his brother, R. B. Glenn, of Lyon county.

Mr. and Mrs. C. W. Jackson, of New Bethel, were in town Monday evening.

Mrs. W. S. Guess, of Crider, has been visiting her daughter, Mrs. John Lowry, for several days.

Frank Akridge, of Marion, is building a barn on the Neel farm near town.

Wanted—subscriptions for all the best magazines and papers, will save you money. W. C. Glenn.

Miss Maggie Moore, of Marion, is visiting Mrs. E. G. Bugg.

Shady Grove.

John Wilson, of Princeton, is the guest of R. R. Tudor and family this week. He is accompanied by his wife and daughter.

Samuel D. Asher went to Marion Monday.

We have a neat and complete line of glass, granite, tin and enamel ware at very low prices. Give us a call. Fohs.

Sheridan.

Most people think this great mining center dead, but that is a mistake, several mines already running, and Mr. Cartwright begins another this week, and with C. Terry to log, George Yates to saw, Henry Moore to do the hauling, and Uncle Joe Wiggins to do the building, Sheridan is sure to stay to the front.

About three or four weeks ago our ball team went down and played the Hardesty team, the score stood 13 to 12 in Sheridan's favor.

Last Saturday the Hardesty team came up and found our boys with the goods and played the game, the score standing 2 to 8 in Sheridan's favor. Come on boys with your big mit, we'll give you practice.

Health is good. Crops are fine, and every body going to the camp meeting except Mr. Moon, and it's in eclipse.

Pleasant Hill.

Mr. T. F. Newcomb will take up school at this place next Monday Aug. 27. This will be Mr. Newcomb's third school at this place. Both patrons and pupils like Mr. Newcomb and he likes the people which is very essential to a good school.

The new church house at this place which THE RECORD mentioned some time ago has been completed. It was ready for the regular services the second Saturday and Sunday before the old house was torn away June 13th and in sixty days the new house covered the same ground with six feet added both in width and length also 10x12 vestibule in front with octagon corners. Mr. J. S. Braswell, of Marion, supervised the construction and it is a first class piece of work and will cost about \$1300.

Eldrs. J. R. Clark and John A. Hunt are in West Tennessee on a preaching tour and will be gone until about Sept. 12th.

Miss Jennie Deboe was the guest of the Misses McNeely Sunday.

REMEDY FOR HAY FEVER

After Trying Other Treatments Mr. Forbes Used Hyomel With Perfect Success

Before the discovery of Hyomel the only advice a physician could give to hay fever patients was to go away from home; but now if Hyomel is used any one who is subject to this disease can stay at home without fear of the annual attack of sneezing, the watery eyes and other discomforts.

Mr. J. F. Forbes, a well-known western railroad man, of McCook, Neb., writes: "I never had any relief from any hay fever remedy even temporarily until I discovered the merits of Hyomel. I always recommend it when occasion presents."

There is no offensive or dangerous stomach dosing when Hyomel is used. This reliable remedy for the cure of all diseases of the respiratory organs is breathed through a neat pocket inhaler that comes in every outfit, so that the air breathed into the throat and lungs is like that of the White Mountains and other health resorts where hay fever is unknown.

The fact that we agree to refund the money to our hay fever customers if it fails to relieve, should inspire confidence in every sufferer.

A complete outfit costs only \$1.00, extra bottles 50c. For sale by Haynes & Taylor, Marion, Ky.
